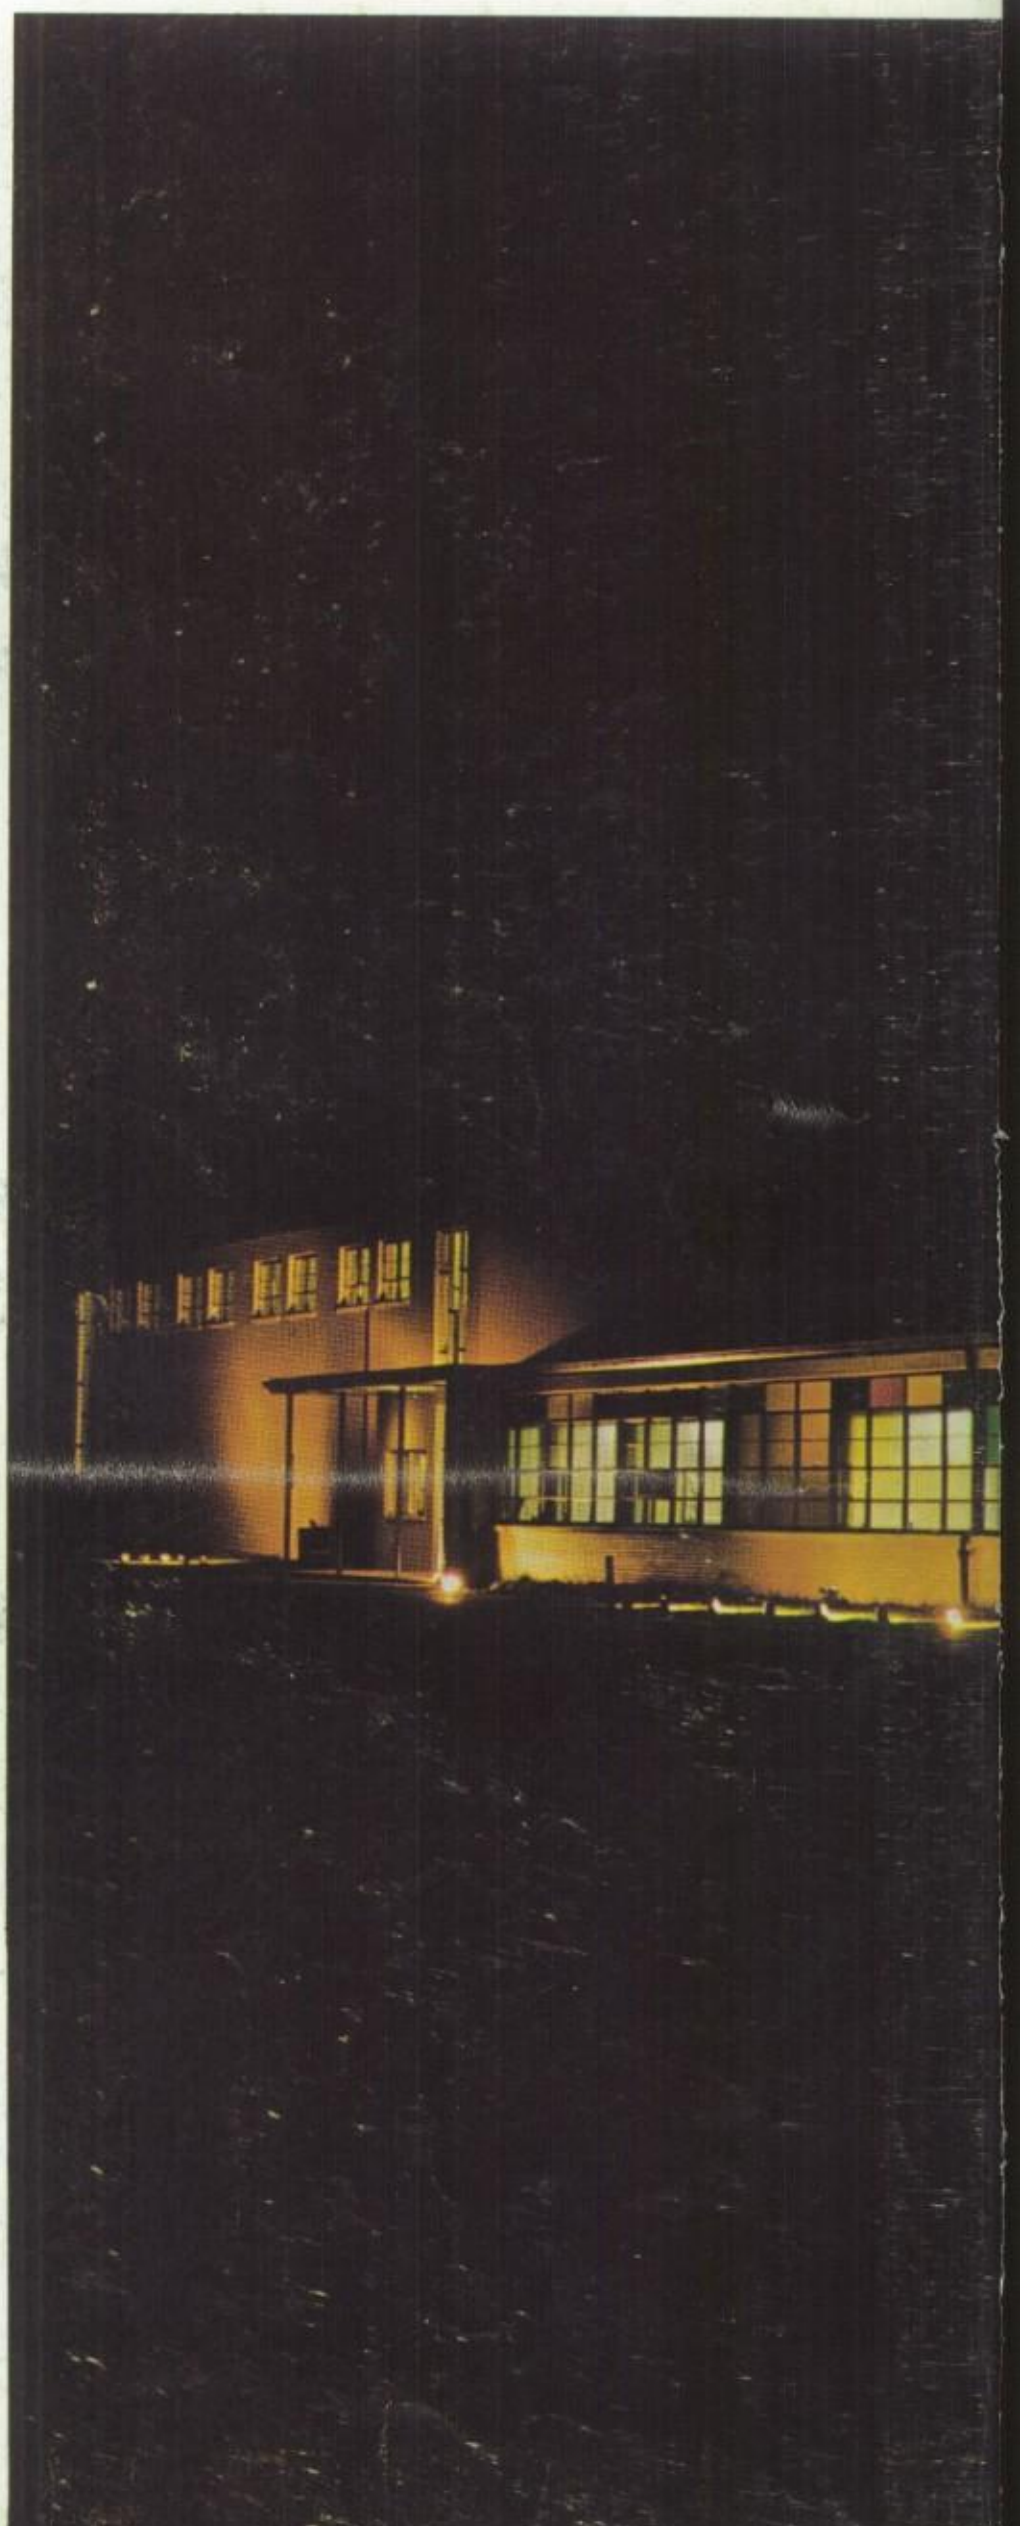
RUSSELL MARKS ITS 50th YEAR OF

The original Russell High School, built in 1915, adequately served the community until other buildings replaced it. It was torn down in 1949.



The new high school, shown bathed in light, stands as a symbol of the progress achieved by the Russell Independent School District.

For four years we have been studying the philosophy of true living. What we have gained can never be taken from us. We have a knowledge that shall make all life sweeter and deeper and will enable us to be the men and women we hope to be, to develop the character each one has, that underlying human nature modified by birth, environment, upbringing, and education.

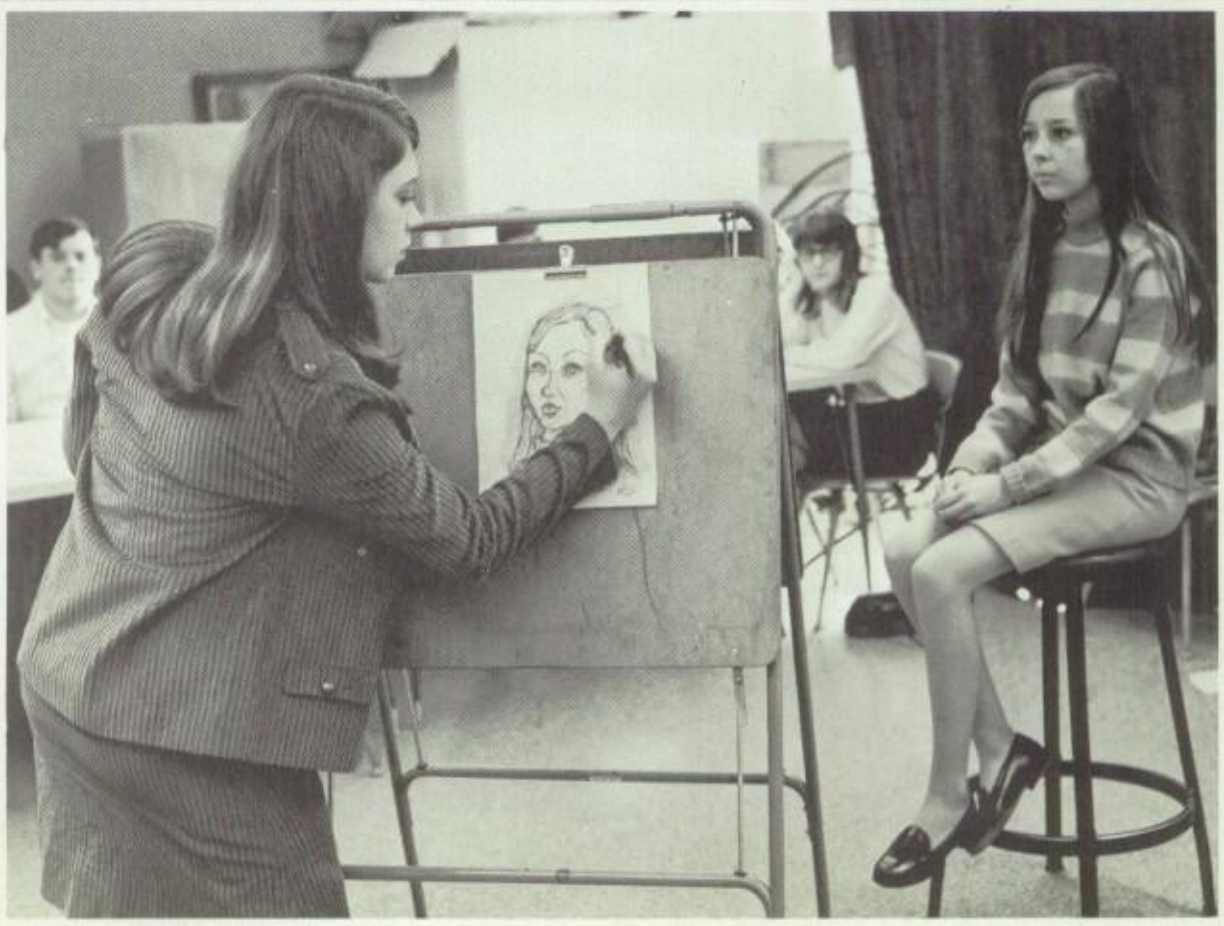
—1921 Yearbook

IMPROVEMENT AND ADVANCEMENT

Mr. Blankenship recoils quickly after testing a reaction that is planned for his chemistry classes.

"We wish to express our thanks to our Superintendent and Faculty for their aid and help during the past year. We feel that without their help and guidance we could never have succeeded."

—1927 Yearbook



Talented Karen Meeks works with minute detail on a portrait of Ruthie Webb.

Seniors Chuck Lowery and Rodney Harris admire a cap and gown shown to them by Mr. Taylor. Receiving caps and gowns is more than a casual occurence for seniors, it is the awakening to the reality of their final moments at Russell.

STUDENTS AND TEACHERS PREPARE FOR VARIOUS PURPOSES

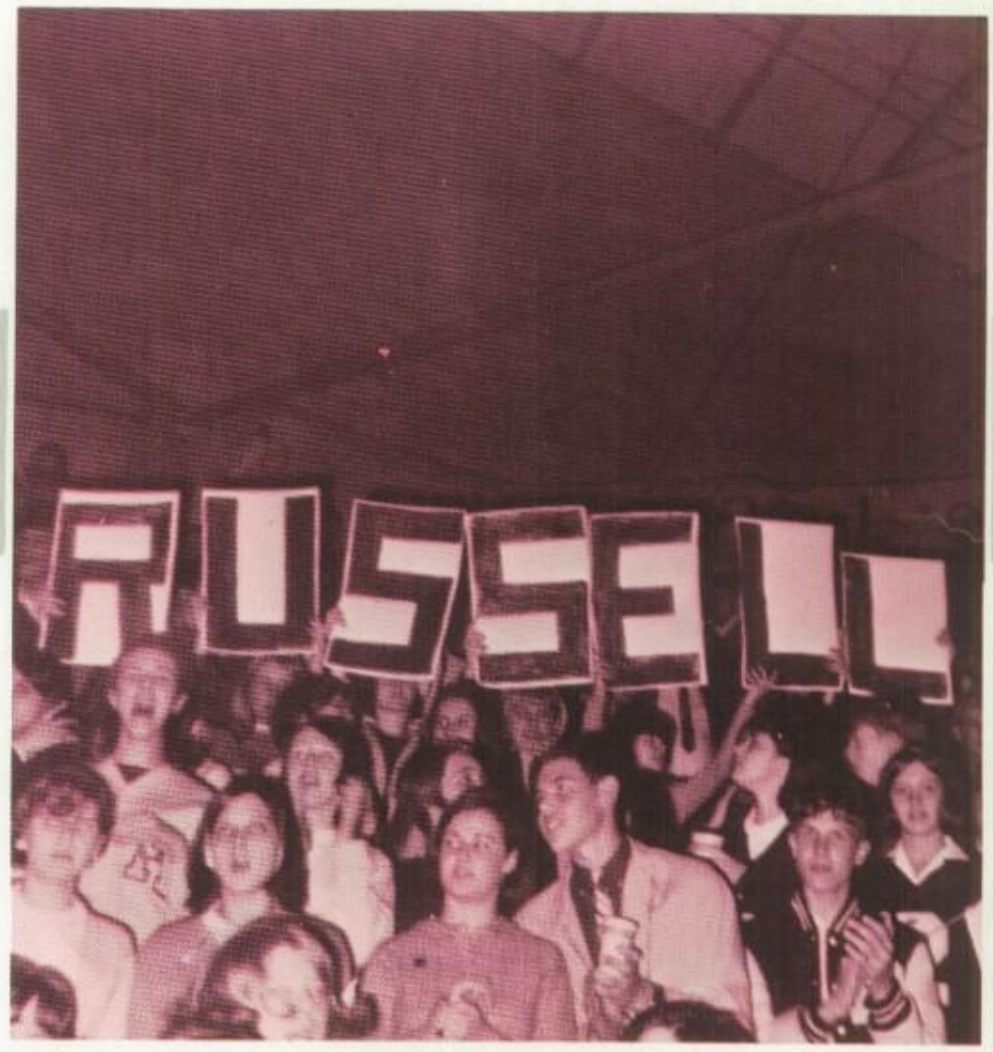
Martha Endler prepares for her Future Homemakers of America test by sweeping trash in the Student Union. It is doubtful that such a menial task was included on her test.

Cheerleaders Sharon Sparks, Mary Jane Reed, Sherri Fultz, Gayla Hoy, Sondra Abbott, and Libby Conley prepare for the "Big Game".

MANY STUDENTS FULFILL THE ROLE OF "RED DEVIL" SPECTATOR

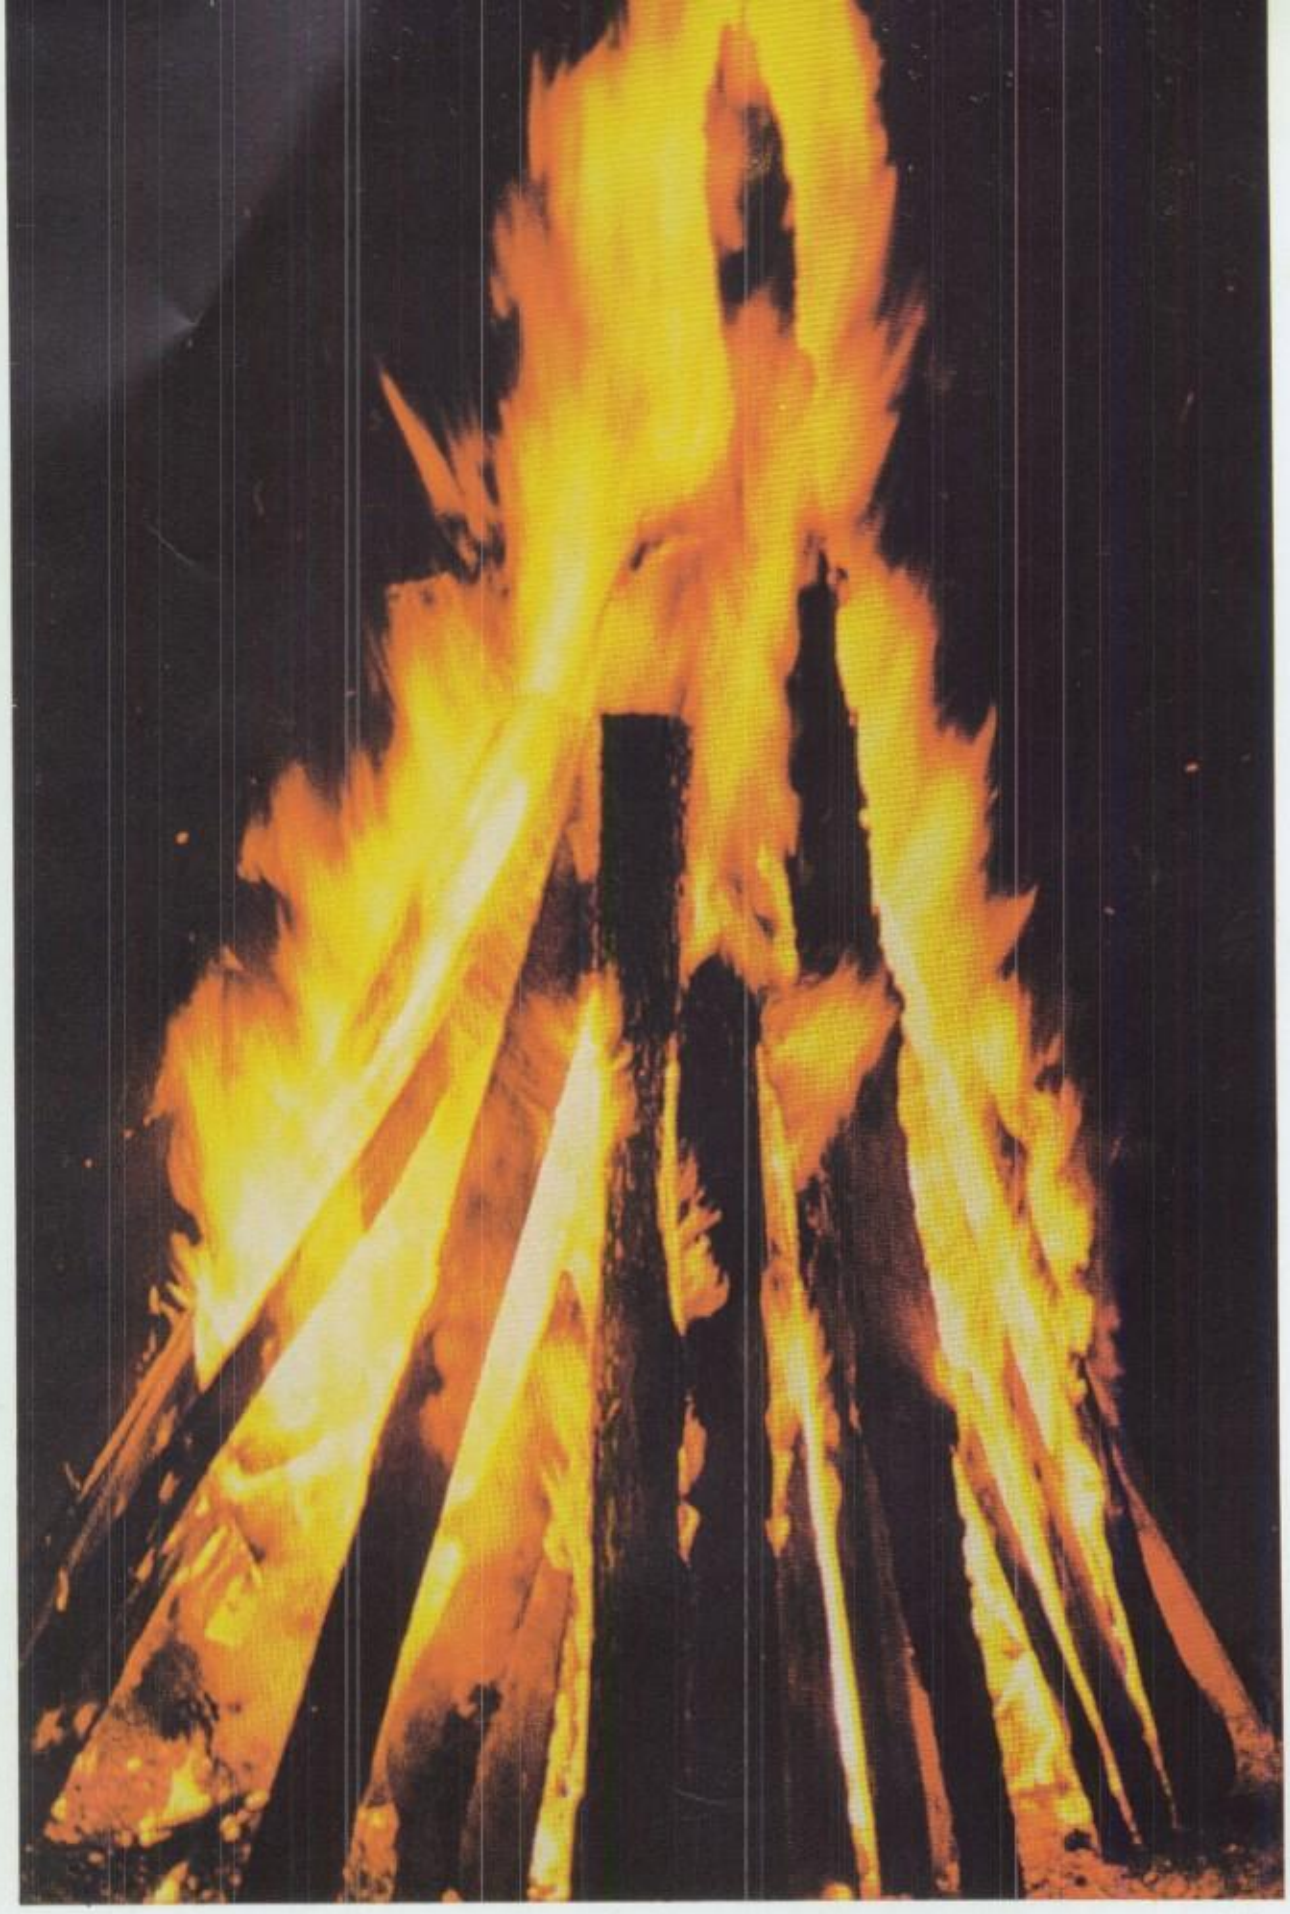
"Not only do these cheerleaders spur our Devils on to victory—but they distract our opponents."

—1944 Yearbook



A group of spirited Red Devil fans display the name of their school at the Regional Basketball Tournament.

Dottie Clifton, Dale Clark, David Cleaver, and Ronnie Petrey react with sudden enthusiasm at an excellent play made by their team.



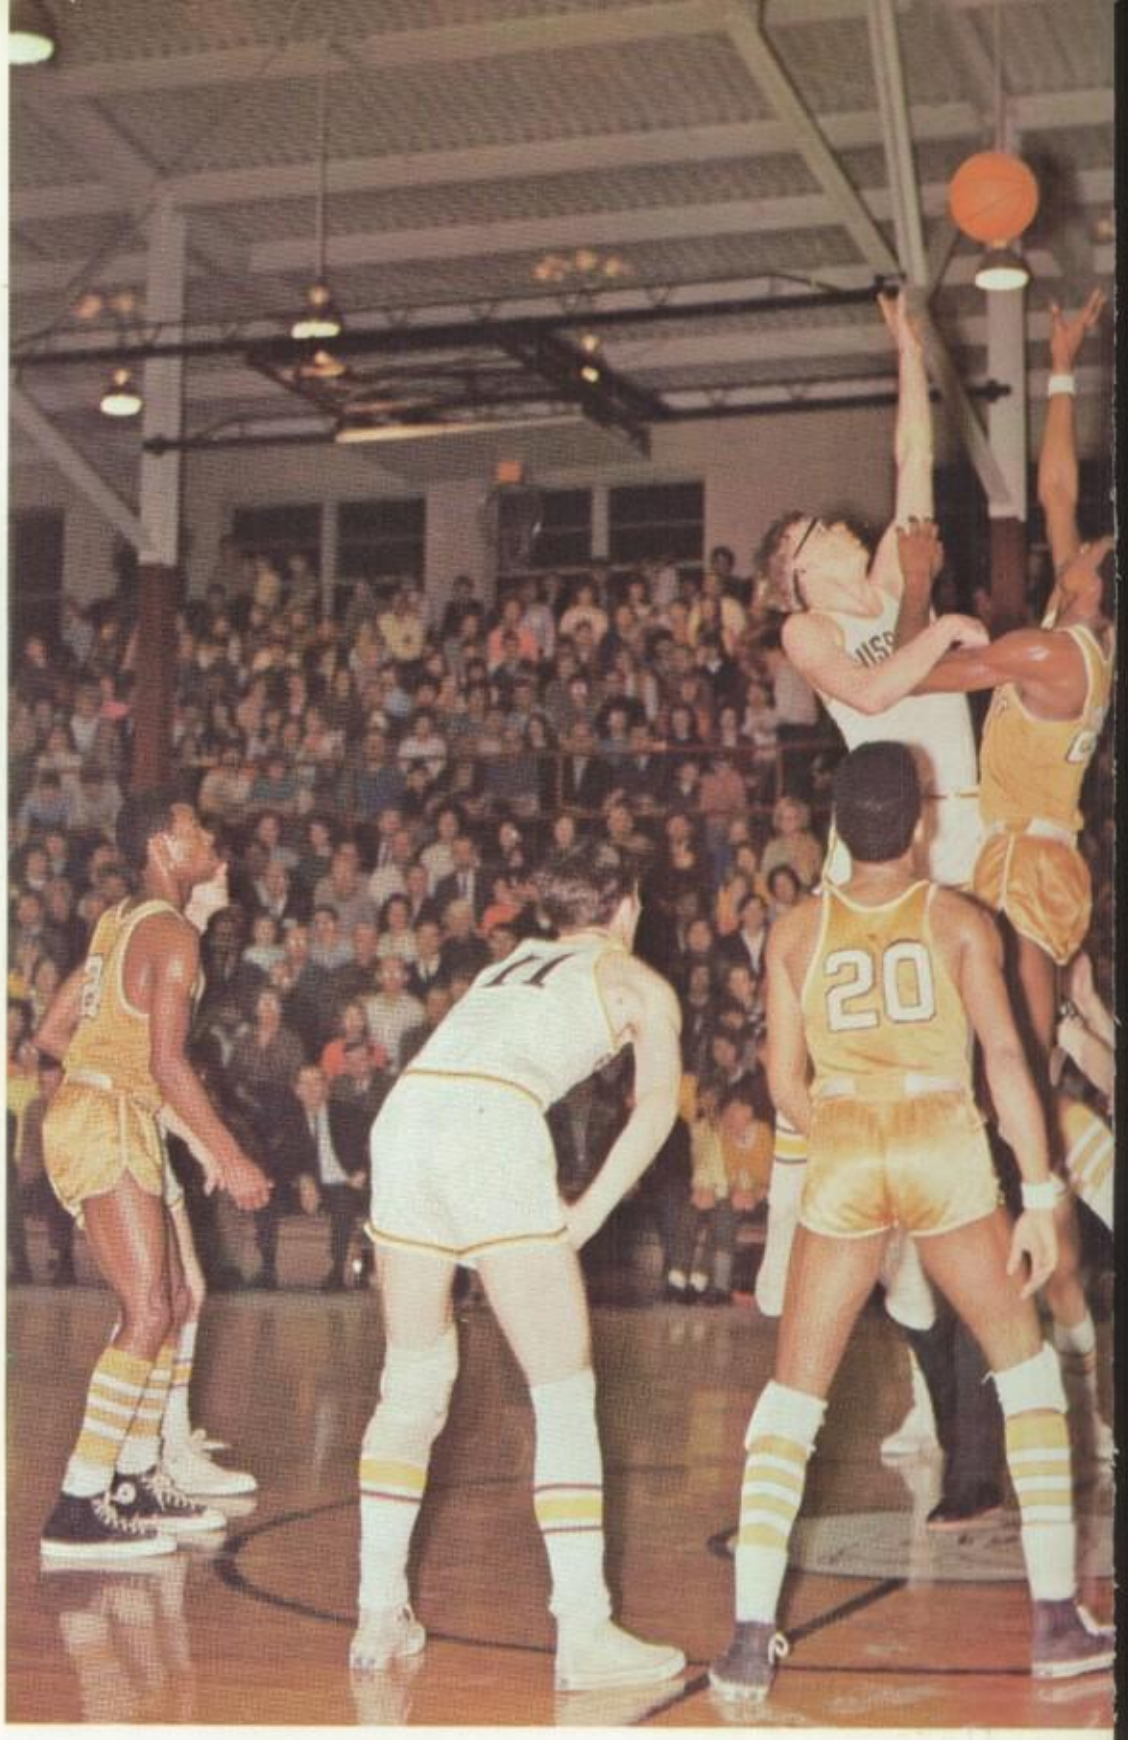
The Homecoming bonfire glows brightly to symbolize the pride felt in outstanding athletic endeavors.

Male cheerleaders were popular with former classes of Russell High School as shown in 1948 when Janelle Pennington, Carol Williams, Arza Amburgey, and Delores Clarke lead the cheer.

Sondra Abbott shows zeal while leading the crowd in a pre-game cheer.

. . . BUT SOME RUSSELL STUDENTS PARTICIPATE AND COMPETE

Russell's own Marta Perry, center, holds her runner-up trophy in the Kentucky Correct Posture Pageant. Russell's beauty has always fared well in area and state competition.



"Our first football team, composed of inexperienced players and with no coach, made a poor record this year. Four games were played and as many lost."

—1923 Yearbook

1925 FOOTBALL TEAM (Row 1) Buster Burton, Augustus Wilson, Charles Gilley, Billy Joe Brown, **(Row 2)** Arthur Bolton, Paul Vaughn, Ray Stanbaugh, Paul Patton, **(Row 3)** Edmund Kidd, Jess Walker, Alfred Ward, Captain Wright, Claris Starke, and Mr. Shepherd.

Tom Roberts and Louisville Shawnee's Thomas Paine prove to be an even match in the opening tip-off as their teammates look on.

With sober expressions Frank Blevins, Donna Clark, Fred Mayne, Connie Little, David King, Angela Brelsford, and Don Flue present the finale of their award winning skit "Miss Liberty Sits Down."

Steve Lewis, Robbie Tanner, Steve Hoertz, and Bill Caldwell show their "true form" as cheerleaders at the Jr. Co-Ed-Y powder puff football game.

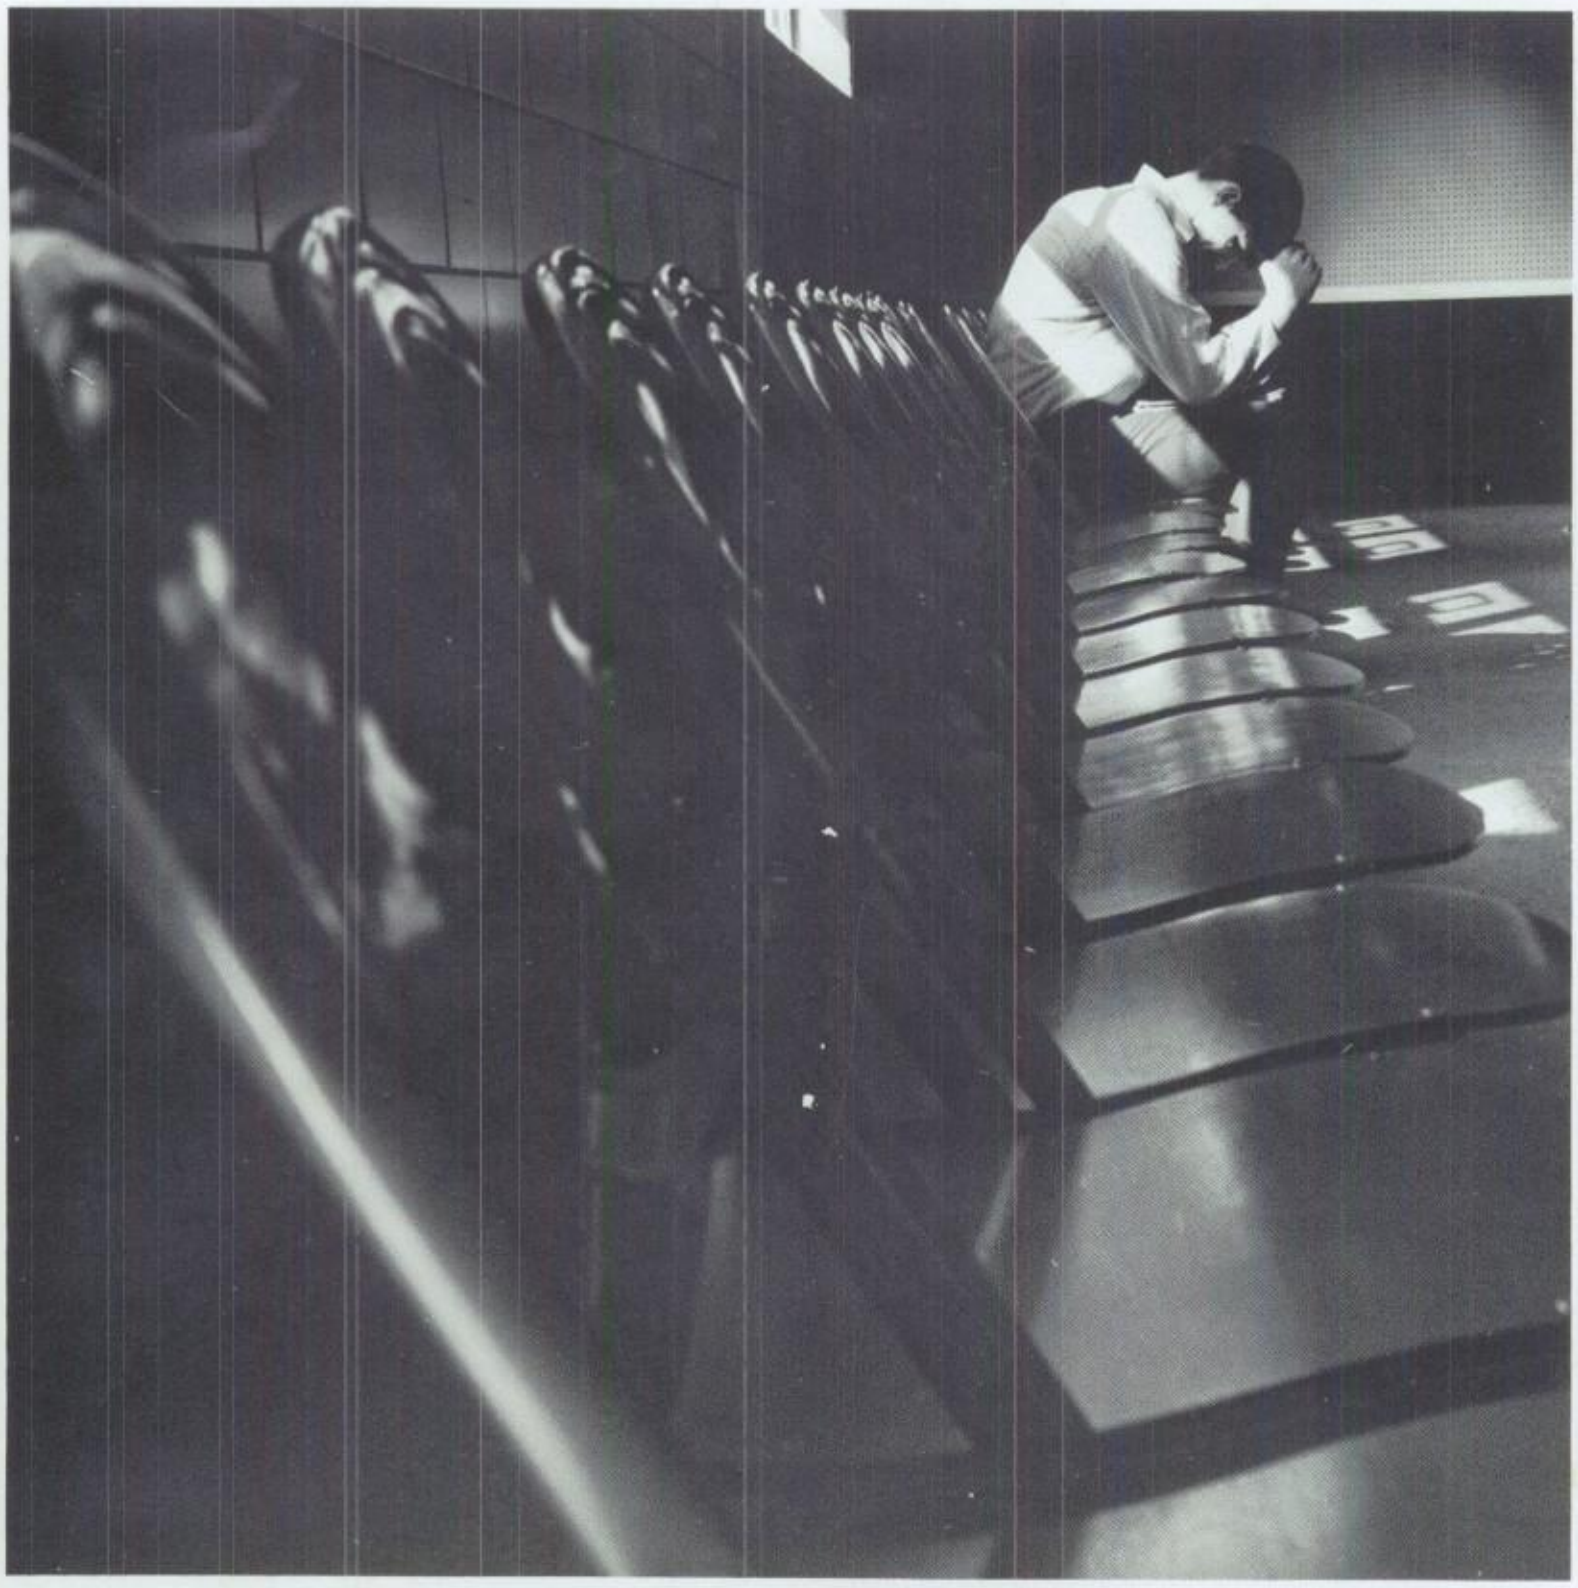
. . . SOME PEOPLE ARE CHOSEN TO BE

Authority ... Responsibility ... Sound Judgement ... Sacrifice ... Dedication—leadership requires all of these. But too many times these qualities go unnoticed. Even with all the personal contact involved with positions of authority, it is still a very lonely job.

With thousands of eyes focused on him, Joe Kleykamp stands at perfect attention while signaling the beginning of a band performance. Leadership sometimes is colorful, as in the case of a band field commander.

"What we lack in quantity we make up in quality" was the unofficial motto of the Junior Class of 1921 because their class numbered only two. They each unanimously voted each other two class offices—Jack Hackworth as the President and Vice-President, Elsie Dudley as Secretary and Treasurer.

LEADERS – A VERY LONELY JOB



Meditation and contemplation are requirements that all good leaders must possess. David Cleaver, Junior Class President, silently reviews the plans for the 1968 prom and wonders about its outcome.

Competitive elections are instrumental in selecting competent leaders. Mark Heaberle presides over the Beta Convention held in Louisville in 1960 to become the second Russell student to be chosen to hold that high state-wide office.

. . . I TRAVEL THIS WAY BUT ONCE
. . . WHERE WILL IT ALL LEAD?

Caught with a far-away look on her face, Jill Wells contemplates her future.

A rainy day ... a far away look ... young love ... wondering what the rest of the world is like ... the planning of life ... ambition ... faith ... All these are the somber and important thoughts that travel through the minds of youth. But the most re-occurring wonder comes when each one asks: "What will I do with my life?"

Sandy Algeo ponders an unknown thought as she peers out a rain drenched window.

HISTORICAL

GOLDEN ANNIVERSARY SHOWS HALF

1968 marks a great milestone in the history of Russell High School because this year is its 50th anniversary. The first graduating class, consisting of 14 members, held a very simple yet impressive commencement program on May 29, 1918. It is somewhat ironical that the 1918 class graduated while World War I was in progress and the 1968 Class, during the Vietnam conflict and race riots. Despite the chaotic atmosphere of war, great strides have been made in the field of education. This is especially true of the Russell Independent School District. We are proud of the citizens of our community who have always given the educational welfare of children first place.

Russell's first graduating class of 14 members is of special significance to the history of Russell High School. The twelve young ladies dressed in crisp white middy blouses with tie and long skirts, the one boy in a stiffly starched shirt and Sunday suit, probably never realized that they were pioneers of a high school which is so highly respected in the state.

Many of the names are familiar to local residents, namely, Bill Rice, Fred Williams, Jim Smith, Minnerx Chinn, Cecil Burgess, Ora Smith, Helen Smith, Mildred Trent, Elizabeth Arnett, Carrie Rece, Georgia Patterson, Hermene Hoffman, Gertie Archie, Lena Sutton, Zelia Stevens, Hazel Lynd, Gertrude Fields, Nora Scott, and Pauline Rice.

The history of Russell High School cannot be told without giving the complete story of Russell City Schools. The first organized school, taught within the present limits of Russell, was a private one taught by Miss Alice Carner in about 1870. This school was first taught in a recreation house which stood in "Carner's Grove."

Soon after a school building was erected near the junction of the present Kenwood Drive and Route 23. Money for the construction of this building was obtained through a loan made by Mr. A. W. Carner to the district, and later repaid by the district.

The school, in the late 1880's, was becoming too large to be taught by one teacher, and the leading citizens began to demand a longer school term and more efficient teaching; so a petition was signed by the required number of voters to form the Russell Independent Graded School District, and to erect a new four-room grade school building. So it was, in July of 1891, when the voters of Russell voted to form an independent school district; that the foundation work for the present city system of Russell began to manifest itself.

The first real school building was then opened in January of 1892 with two female teachers to teach. It may be of some interest to some people that these first two teachers were employed to teach, sweep the floors, and to build the fire in the morning for a monthly salary of $30.

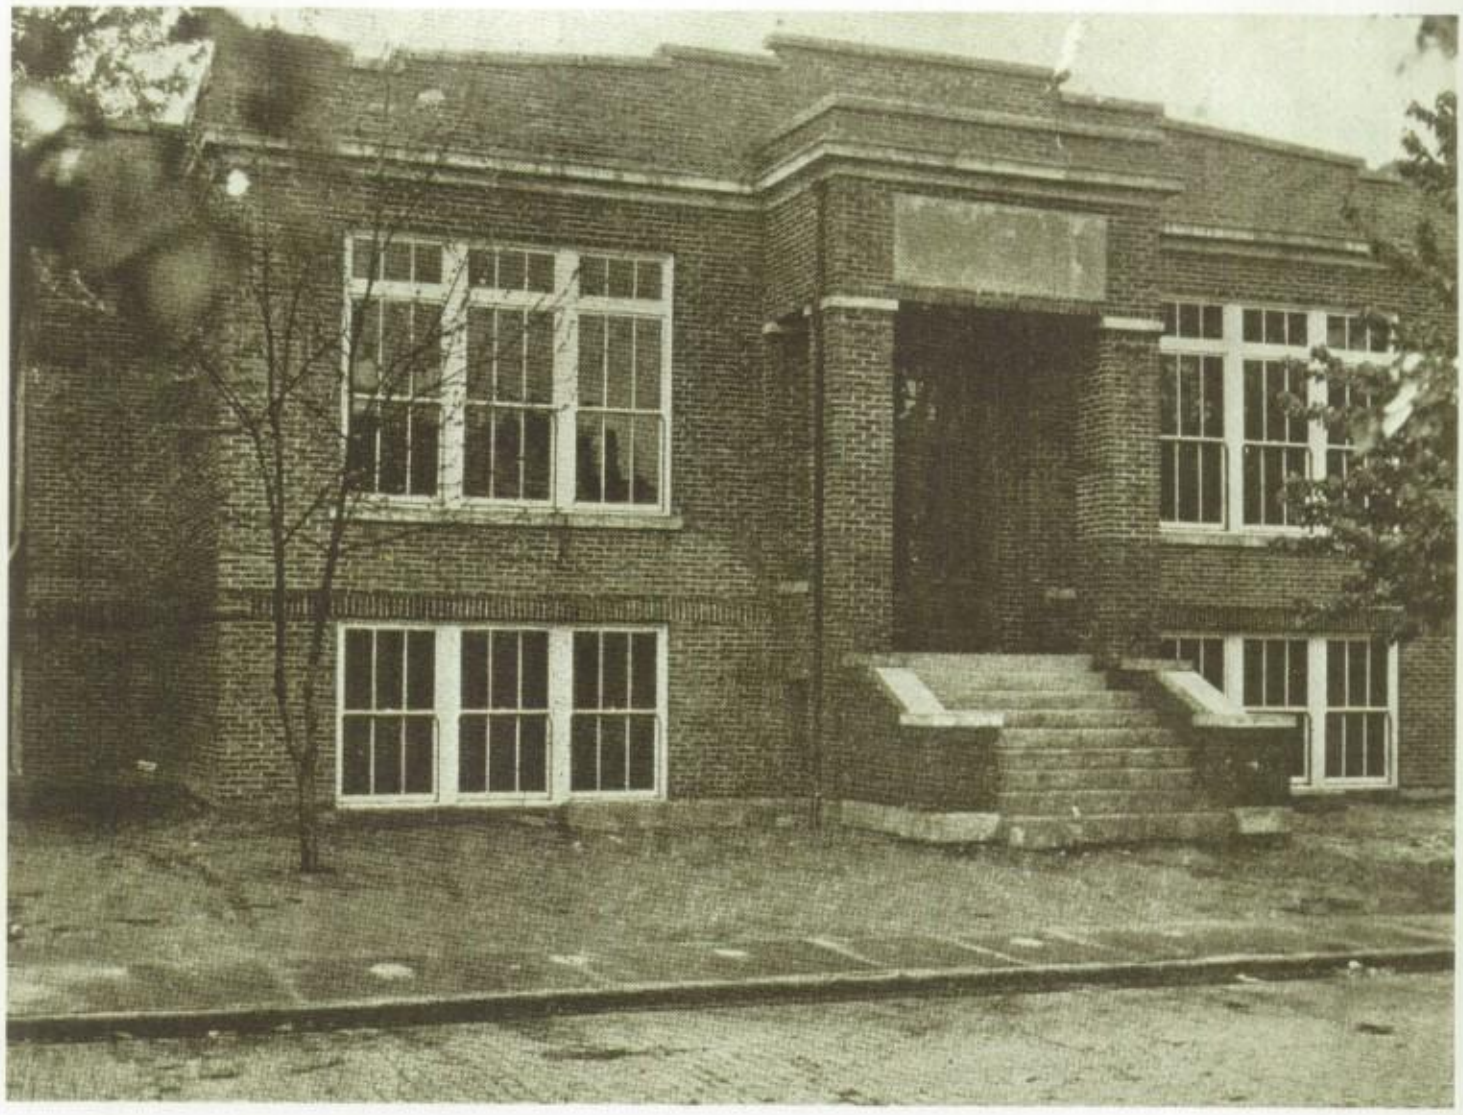
The quality and size of the school improved slowly but steadily until Mr. O. A. Laubish decided that high school courses should be taught. So in 1913, he boasted of having thirteen students taking high school courses. The school grew rapidly in those few years so more room was needed. The voters of Russell again agreed to a bond issue to finance the building of an additional four rooms to the already existing four rooms.

The rapid progress of Russell schools can be marked by the election of Supt. B. F. Kidwell (often called "the Professor"). He also served as the high school teacher in the first few years of the high school. The elementary and high school in 1915, when Mr. Kidwell came, had six teachers and an enrollment of 340.

JULY, 1891, CITIZENS OF RUSSELL VOTE

"We are glad that the class of '23 is fortunate in having a new high school building . . . This building is something of which the town should be proud and for which we are grateful to our honorable board and esteemed superintendent.

—1923 Yearbook



1922 Russell High School

By 1921, it was seen that the high school should be separated from the grades and a bond issue was voted. This carried unanimously, and two stories of the old high school building (the present Russell Central Elementary) were erected in 1922.

In 1922, a two-room building was erected at West Russell to serve as an elementary school. In 1925, six rooms were added. This school was vacated and sold in the early 1960's, and the students transported elsewhere in the district.

In 1921, the Bellefonte Rural School District and a portion of the Chinnville (Raceland) Graded School District petitioned to be added to the Russell School District and was accepted. In 1926, it became necessary to enlarge the high school and to furnish a new building to the Bellefonte section. To do this, another bond issue was passed by a wide margin. With this money, six rooms were added to the high school; and the present Bellefonte Grade School was erected.

In 1927, the junior high (seventh and eighth grades) was crowding the high school building; so a building joining the high school was erected at the cost of $30,000. The funds for this building were taken from the school treasury.

In April of 1929, after much controversy and extended debates, the Advance Grade School District merged with the Russell District and thus almost doubled the size of the district.

The Russell Schools continued to improve during the depression years, but experienced a small drop in enrollment as all schools experienced. During this time, the school struggled but still continued to give the best possible education to its students.

The high school again needed more room, so a new gym was built to the high school; and the old gym converted to an auditorium. In the same year, 1937, a small frame house was purchased to house the Home Economics Department.

Mr. B. F. Coffman became the Russell system's second superintendent in 1941, after the resignation of Professor Kidwell. These were the war years, and proved trying to school officials. Many courses were added concerning patriotism and the war effort.

The music room, shop room, and the cafeteria were added to the high school in 1951. But that year also ended an era because the original Russell school house, which was built in 1891, was torn down.

In 1950 the new Russell Elementary School was built in downtown Russell. Three years later Henry R. Evans became the third and present school superintendent. The growth since 1953 has been phenomenal.

In rapid succession, the Bellefonte Elementary and Adavnce Elementary Schools were remodeled and enlarged. In 1956 the present McDowell Junior High School was built, and it was enlarged in 1958 and 1960.

TO FORM AN INDEPENDENT SCHOOL DISTRICT

1962 Russell High School

"In volume one, we noticed that Editor Lacey was pleading for a gymnasium in behalf of the high school. We are sure the high school would derive much pleasure from it but we consider that a library is needed much more than the gymnasium."

"I wish to thank those unsung martyrs of Education: the high school teachers. The next time, if you feel prone to criticize, just remember that the teachers went to school once themselves and are preparing us to take the harder bumps ahead. They know what they are doing; they must take the raw clay and, like the master potter, fuse it into a more desirable article for the good of civilization.

EXTRA CURRICULAR ACTIVITIES HAVE ALWAYS

The extra-curricular program at Russell High School has always sparked the academic schedule. While it is secondary, the organizations and clubs have allowed students to participate in areas of their artistic talents or special interests. We believe that many students have been given an outlet for expression which has greatly enriched their total learning experience. Learning to work and to get along with others is one of the main objectives of education.

Russell Betas received state-wide recognition for their prize winning skit "We Believe" in 1954. They presented it at an E.K.E.A. meeting at Morehead, at KEA and before numer

A well planned program of activities has always enriched the curriculum of our school. An example of dramatic talent is displayed here by two senior girls, Joy Roberts and Bonnie Kirk in the 1953 production of "Damsels In Distress."

High stepping baton-twirling trio in 1941 were: Edith Adkins, Edward Crosby, and Mary Jane Woolery.

In 1932-33 the students were enthusiastic about their school paper, the Revil. Staff members were: Walter Ailstock, Mildred Ballengee, Mary Armstrong, EDITOR, Della Sweet, Naomi Foster,

Helen Herndon, Harriet Holland, Gene Harris, Grayson Cox, Edmund Burton, and Otewaugh Fouts.

ous civic groups. The Betas have set an enviable record. To date, they have won 12 out of 15 skits. Numia Lee Fouts s sponsor.

Organizations were considered vital to the school program early in the history of Russell High School. The Girl Reserves, the first known club, was organized in 1922 with Miss Lyle Hutchinson as advisor.

Next, the Boys Betterment Club and the Hi-Y Club in 1923. Other early clubs with outstanding records were the Debating Team—1926, Science Club—1927, the Zeta Society—1927, the Kappa Literary Society—1927, Honor Club—1928, and the Home Ec. Club in 1929. Truly, clubs and organizations here at Russell have enriched the personalities and character of high school students.

Our very first Miss Revilonian was chosen in 1946. She was Miss Betty Renfro. This is still considered one of the highest honors bestowed upon a senior. She is selected on the basis of personality, leadership, cooperation, and scholarship. In 1954, the Mr. Revilonian honor was added and this first title was bestowed upon Bob Arthur.

Queen Mary Lou Wallace reigned over the gala oriental Junior Prom in 1955. The Junior Prom is a lovely tradition at Russell and the hi-light of the Junior Class' endeavors.

The Student Council has always been an important organization at Russell High School. The 1934 Student Council was an industrious group headed by Thomas Havens Jr. president. Faculty advisors were: Edmond Kidd, Lloyd Patterson, and Alfred Ward. Senior members were: Athel Wyant and Thomas Vallence. Juniors: Wilson Shelton, Helen Perry. Sophomores: Robert Cooper, Easter Callihan. Freshmen: Roberta Riggs and Lovell LeRoy.

FROM THE BEGINNING, RUSSELL HAD ENTHUSIASTIC

Scores of games can sometimes be very interesting. Our greatest loss in basketball was in 1948 to Ashland 16-75 and our greatest win was last year over Louisa 131-68. Our greatest loss in football was to Ashland 0-71 in 1942 and our greatest win in 1954 over Fort Gay, W. Va. 78-0.

Principal—1941-1944

Mr. Sparks has made quite a name for himself since his departure from Russell. During the last State Administration, he was the Kentucky Superintendent of Public Instruction and he is now serving as the President of Murray State University.

During the war years, Russell High School produced about 250 willing soldiers to battle against America's foes. In fact, 10 of this number lost their lives in the pursuit of peace. Cecil Butler, Willard Chapman, Fred Dellahunt, Clyde Fannin, Edgar Miller, Edward Rayburn, Donald Ward, J. G. Webb, Marvin Young, and Paul Duncan are listed as war dead on the World War II service plaque which hangs proudly in the hall of the former high school building.

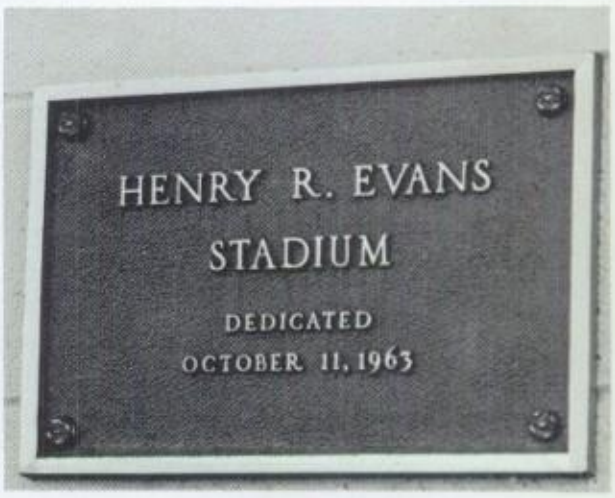
Total of 3202 graduates have enjoyed the fun, fellowship, and learning experiences at Russell High School from 1918-1968. Senior trips and class projects have always given a feeling of togetherness to each succeeding Senior Class. The smallest Senior Class was in 1922 with only two students, while the largest was in 1966, consisting of 172 graduates. Although the 1937 Senior Class was unable to have a trip or to publish a yearbook, the 1937 Ohio River Flood gave them many unforgettable incidents which make Russell High School just a little dearer to them.



1960 SENIOR TRIP to Washington, D. C. The first Senior Class Trip was made in 1948. The traditional trip has been made by every graduating class from that time until now.

FACULTY AND ADMINISTRATION

BOARD OF EDUCATION: J. J. Stephens—Board President, Henry R. Evans—Superintendent, Sterling Norris, Glenn Deidrich, Thomas Wilson, H. K. Herron, Logan Perry—Assistant Superintendent.

TO THESE MEN – OUR SINCERE GRATITUDE

Throughout the school's 50 year history, the Russell Board of Education has worked diligently for the advancement of the Russell Independent School District and especially Russell High School. These men do not receive anything for their valuable guidance except the self-satisfaction of seeing the eyes of countless Kentuckians looking up to our progressing and advancing school system. The members of the 1968 Board of Education are the same ones who ushered in a new era of education to the Russell area a few years back. They planned and erected the new high school in 1963 which assured us a place in education circles never before held by our district. In the last year, these same men saw to it that bond issue came to the voters to build a new $1,000,000 junior high school. This recent building program has kept ahead of the 120% increase in students over the previous decade. A good example of the phenomenal growth is the increase in the high school enrollment. This year the high school has a student body of 850 but next year it will be over 1,000. But even with this increase, the school board expected this need and met it beforehand.

Members of the Russell Board of Education are: Mr. Henry R. Evans, Superintendent, Mr. Logan Perry, Assistant Superintendent, Mr. J. J. Stephens, President of the Board, Mr. Sterling Norris, Mr. Glenn Deidrich, Mr. Thomas Wilson, and Mr. H. K. Herron. Few schools have such far-sighted and capable Boards of Education. The entire community feels that these men are unparalleled in their abilities of guiding a school system.

"To these men and their predecessors, who inspired by their love for children and their interest in the community, have unstintingly given of their time and thought, we offer our sincere and lasting gratitude.

—1932 Yearbook

OUR ADMINISTRATORS ARE UNEXCELLED

Russell High School, through its fifty years of existence, has gained state wide respect because of its exceptional administration. Mr. Evans became the systems' third superintendent in 1953 and he has truly shown himself to be a capable leader.

Mr. Logan Perry is second in command as Assistant Superintendent of Russell Schools. He came to his present position in 1963 after many years as a teacher and then principal in the system. He serves as an associate to the Superintendent in all affairs. Both of these men do a very outstanding job for the Russell Independent School District. Their sincere interest in the students and their excellent executive abilities make the Russell school system one of the best administered programs in the state.

FRANK V. FIRESTINE—PRINCIPAL

To The 1968 Graduating Class

We have tried to make these past four years profitable ones for you, and at the same time happy ones. Only time will tell whether we have been successful, and only you can be the judge of that success.

You will have the privilege of living in the most exciting, stimulating, and turbulent period in man's history. But with that privilege comes the responsibility through further education, others will go directly into the economic and social life of the community. Whatever avenue you choose, strive for the fullness of life that comes with the satisfaction of a job well done.

Finally, I wish for each of you the happiness and satisfaction for which you seek.

Frank V. Firestine
Principal

Mr. Firestine, in his 13th year as principal of Russell High School, is widely respected and truly devoted to the ideas of excellence. He works extremely hard to give every student a complete and well-rounded education and to prepare them to become good citizens of tomorrow.

When Mr. Firestine first came to Russell as principal, the school had an enrollment of approximately 350 students and 16 faculty members but now the student body totals over 850 with 35 faculty members. However, even with this high enrollment, Mr. Firestine takes a personal interest in each student going to Russell High School. He strives to help them in every way at his disposal.

TIONS AND UNDERSTANDING

Randy Tarr seems interested in the lesson which Mrs. Webb is presenting on the overhead projector.

English courses can no longer consist of only literature and grammar. A wide variety of English-type classes must be offered to fulfill the needs of every student. Russell tries to meet the needs of every student through its varied curriculum. Speech courses are offered to add polish to those who want to speak and communicate more effectively. Honor English classes are offered in order to give the accelerated students a taste of college-type requirements. Reading classes are offered using the most advanced techniques in audio and visual aids which bring greater understanding to those who have difficulties with the "written word." In addition, Grammar and the mechanics of English as well as appreciation of great literature are effectively presented. Complete mastery of English is the obvious goal of the Russell High School English Department.

MATHEMATICS SEEKS TO DECIPHER

Mathematics is called by many people the "Queen of the Sciences" because it is indispensible to all the rest. Math helps us in all subjects as well as our everyday life. It enables all of us to fully comprehend our own discoveries and creations. With this great emphasis being placed on mathematics, Russell can truly be proud of its department. R.H.S. students are privileged to choose from varied courses, namely, General Math, Business Arithmetic, Algebra I and II, Geometry (which incorporates plane and solid geometry in the same course), and Advanced Math (which consists of accelerated geometry, trigonometry, and elementary calculus.) Russell High School stands unsurpassed in its variety and caliber of Math courses.

America, as well as the whole world, seek people with better preparation in the fields of science. To keep up with this ever changing world, we must prepare young people in the methods of science. In order to meet this challenge, Russell High School offers a wide variety of science-oriented courses. General Science, Introduction to Chemistry and Physics, and Biology I are offered as basic classes to enable students to start study with firm foundations. More involved subjects offered include: Advanced Biology, Physics, and Chemistry. Russell is known state-wide for its exceptional Science Department because the faculty is not satisfied with teaching mere fundamentals, but challenge their students to true understanding.

Once immoveable barriers between nations are rapidly being shattered by human understanding. This brotherhood among nations facilitates a greater comprehension of foreign cultures and languages. Russell's Language Department, offering Latin, French, and Spanish, strives to give each student a practical knowledge of each language. But most of all, it helps him to understand the similarities between America and the rest of the world.

The Department of Social Science is often over-looked but it is one of the most essential parts of a comprehensive education. One cannot just say that Russell's department deals with the dead subject of the past but the very live subject of now and tomorrow. The history courses, both American and World History, try to relate the happenings of the past to build a greater future. In addition, Psychology, Economics, American Government, and newly added Problems of American Life adequately prepare the student for what lies ahead. At Russell High School, we are given the best preparation possible to enable us to mold our own destiny.

EXCELLENT FINE ARTS DEPARTMENT ENRICHES, ENHANCES TOTAL SCHOOL PROGRAM

A program of quality education would not be complete without classes capable of properly directing and developing artistic talents. Russell's Fine Arts Department tries to stimulate natural talents and abilities and thus enable the student to express himself creatively. Art courses are offered at three levels, Beginning, Intermediate, and Advanced. The music courses consist of vocal, marching and concert band, and history and appreciation of music. The Russell High School Fine Arts Department does an excellent job of bringing cultural experiences, not just to a talented few, but to everyone.

COUNSELORS ADVISE STUDENTS ABOUT THEIR PRESENT AND FUTURE

With the ultimate goal of student self-improvement, the guidance program at Russell is a valuable student service. Individual files are kept on each student containing such information as I.Q.'s, College placement tests, high school records, and much valuable information about a student's personality. Thus this compounded information furnishes the student with the necessary material for self-evaluation. A look at himself and his potential is necessary in planning a future.

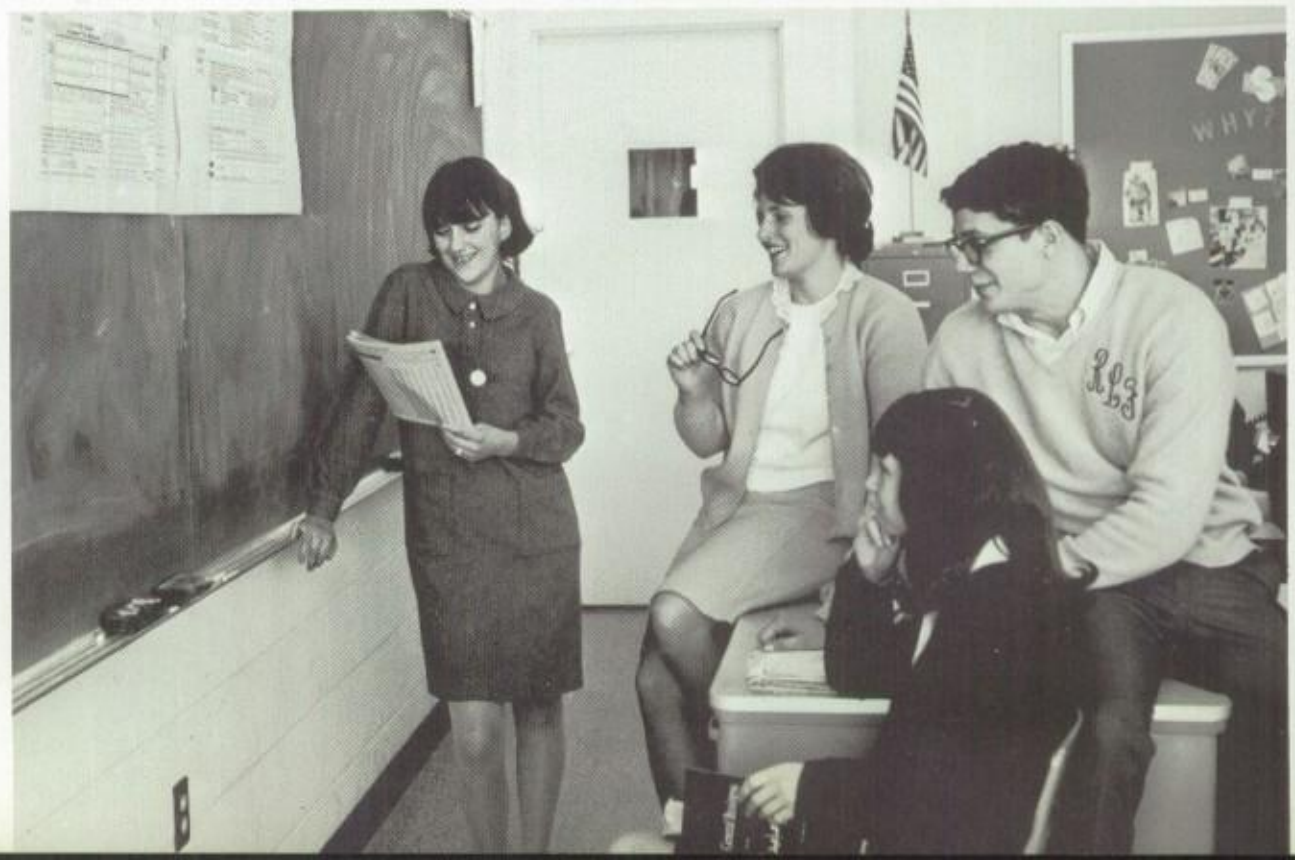
Russell provides a wide selection of classes to adequately prepare students for the demands that will be placed upon them later. Courses offered are Typing, Office Practice, Business Math, Business English, and Shorthand I and II. The practical background gained at Russell High School will serve to speed up the student's transition from school to employment.



Cellia Keen compares her chart to the one displayed on the board while Mrs. Rice, Patty Cleaver, and Robert Fields check her technique.

HOME ECONOMICS AND INDUSTRIAL ART CULTIVATES USEFUL SKILLS

Industrial Arts and Home Economics go hand in hand to prepare students for everyday life. The Industrial Arts Department boasts of General Shop, Woodworking, and Drafting classes while Home Economics offer a comprehensive three year course. Each year, Russell turns out many fine young people who have gained knowledge and proficientness in everything from home care to mechanical drawing. Extensive equipment and advanced teaching methods are available to these students in industrial education and Home Economics. So it is again noticeable that Russell High School tries to educate the "complete" student.

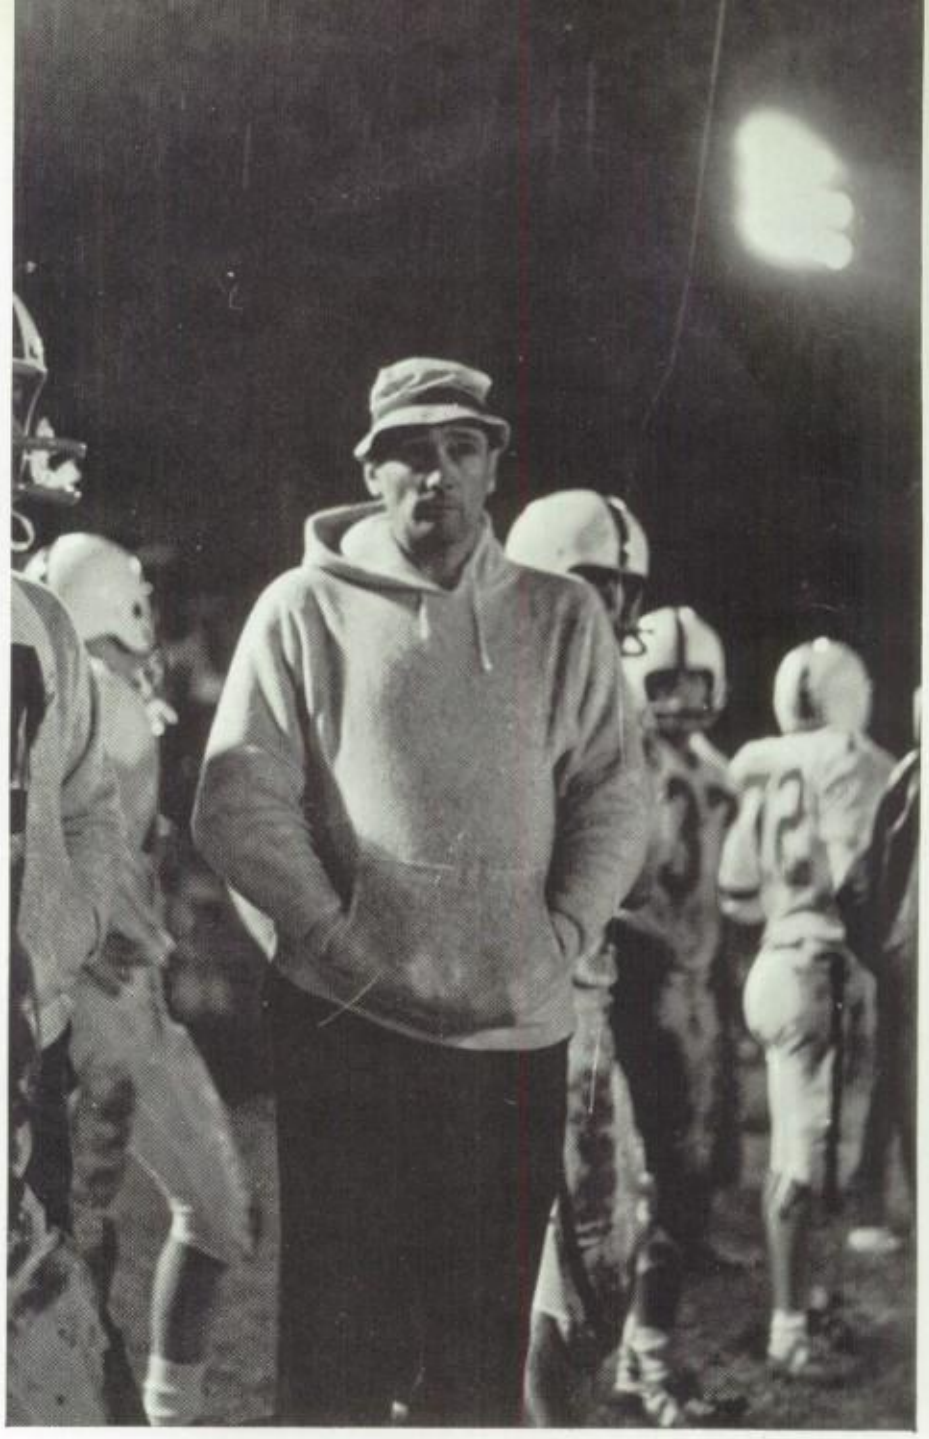
FATHERS NIGHT—1958 Special thanks is given at a home football game annually to the parents of our team members. The scene at right is very much the same today although the surroundings have changed radically. Sportsman Field (Russell's athletic field for 30 years), was torn down in 1963.

Key players, Johnny Jones, Roger Vanover, Rodney Harris, Jeff Creed, and Phil Clark receive detailed instruction from Coach Bishop.



Head Football Coach Bishop intently observes the maneuvers of his players against tough opponents.

1967 FOOTBALL SEASON

RED DEVIL EXPERIENCE RAN SECOND TO DESIRE

Pre-season forecasting told an extremely dim future for the 1967 football squad, but once again the often hidden Red Devil "might" broke through. Against rough competition, the Russell Eleven posted a 5-6 overall record. "The chief hinderance was our small size," says Head Coach Heulyn Bishop, "but our boys never gave up."

In the season's opener, the Devils confronted the Warriors of Wurtland where they won 21-13. The gridders then tasted victory as the downed Louisa, Raceland, and Rowan County to make a 4 game winning streak. Much to the misfortune of R.H.S., the winning trend soon reversed itself as the Red Devils were defeated by McKell, Covington Catholic, and Catlettsburg. Homecoming festivities were perfectly crowned, when Paintsville fell to the Devils by a score of 28-6. As the season drew to a close, our Maroon Squad was hopelessly overpowered and lost to Simon-Kenton, Ashland, and Boyd County.

Fans always anticipate the familiar sight of the Russell Football Squad's appearance on the gridiron. With their appearance, the spectators know that outstanding football action will surely follow.

BASKETBALL TEAM "BREAKS THROUGH" WITH ANOTHER TREMENDOUS SEASON

Russell fans no longer hope for outstanding basketball seasons, they expect them, and this year's squad did not disappoint their fans. In fact, this season was one of the finest in the 47 years that Russell has boasted of a basketball team. The team was the overwhelming champions of the North Eastern Kentucky Conference by again going undefeated in their conference games and winning the conference tournament. The great demand for the Devil cagers attests to their prowlness. They were invited to the Ashland Invitational Tournament for the fourth consecutive year and again performed outstandingly. In addition, the 1967-68 squad ventured to the Louisville Invitational Tourney, the state's finest. There they lost by a mere 7 points to Kentucky's number one ranked team. The Russell team was not satisfied until they won the 63rd District Tournament and the mighty 16th Region Crown. To climax a superb season, the "Big Devils" traveled to the famous Kentucky State Basketball Tournament in Louisville. In State Tourney action, the Devils faltered and were defeated at the hands of Clark County by a score of 79-73. The accomplishments of the 1967-68 basketball team are now history. Their fans can now look back with pride and say, "THEY WERE THE BEST!"

Cecil Conley finds the going a bit rough as he makes his grand entrance through the Devil adorned hoop before the Shawnee game.

Head coach Marvin Meredith gives the "V" for victory as he boards the bus headed to the State Basketball Tournament for the second straight year.

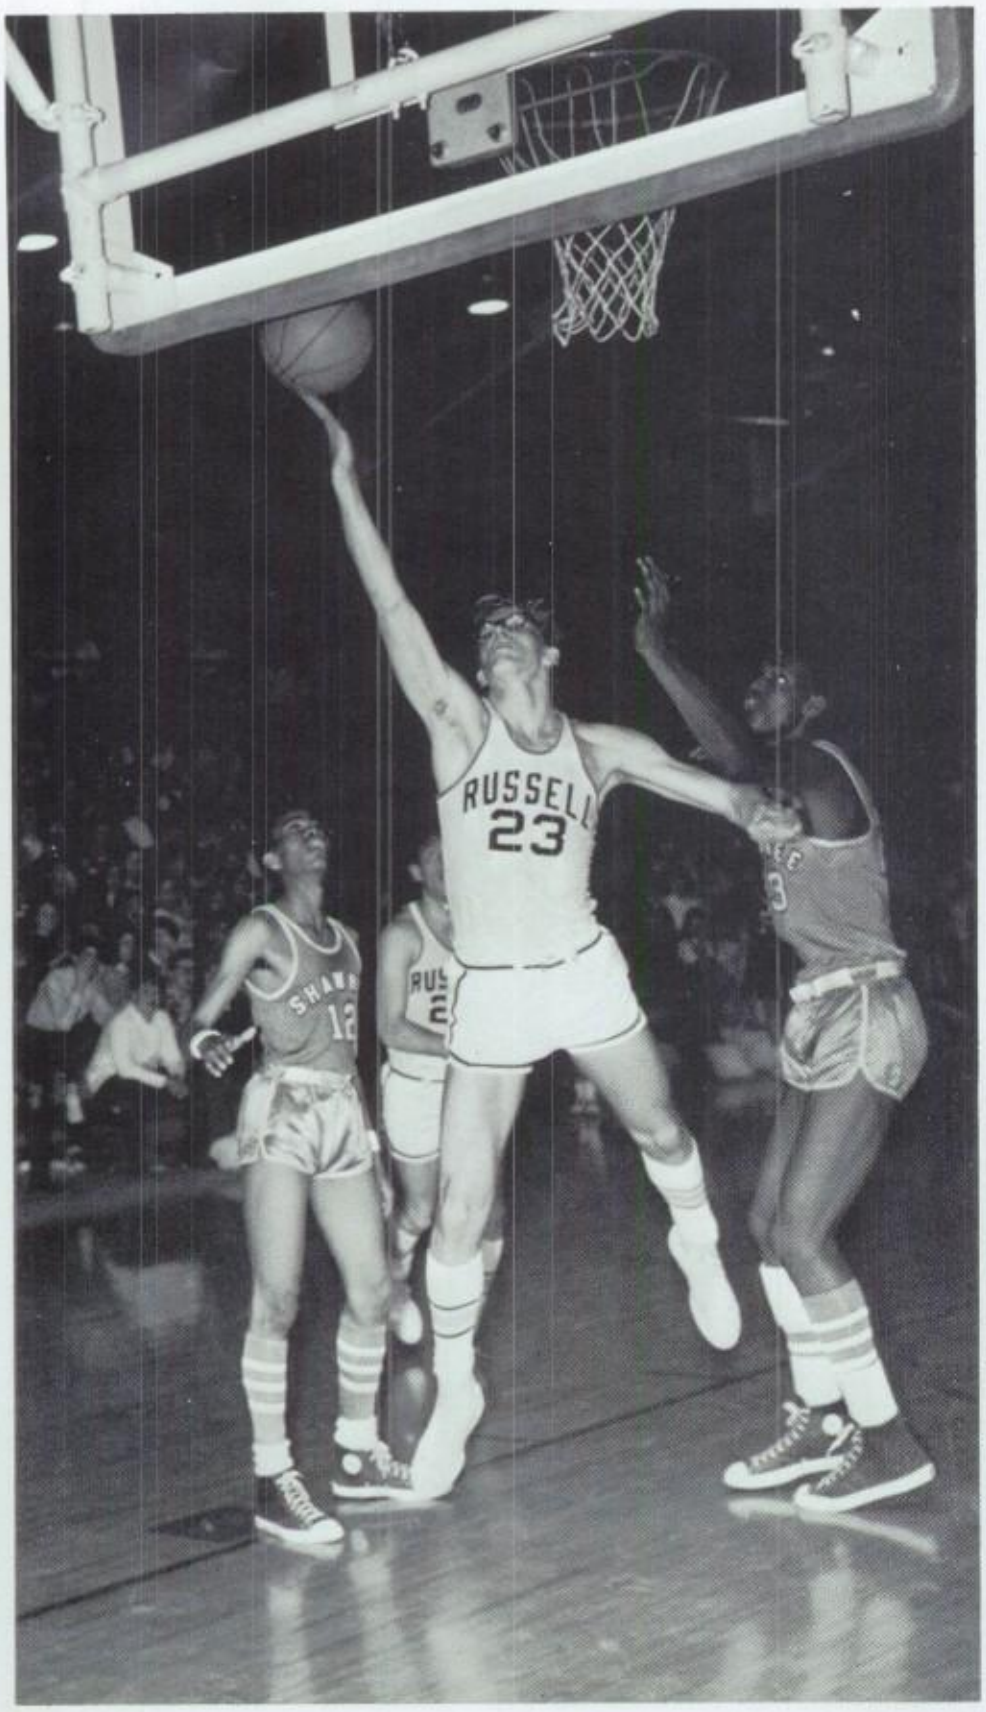
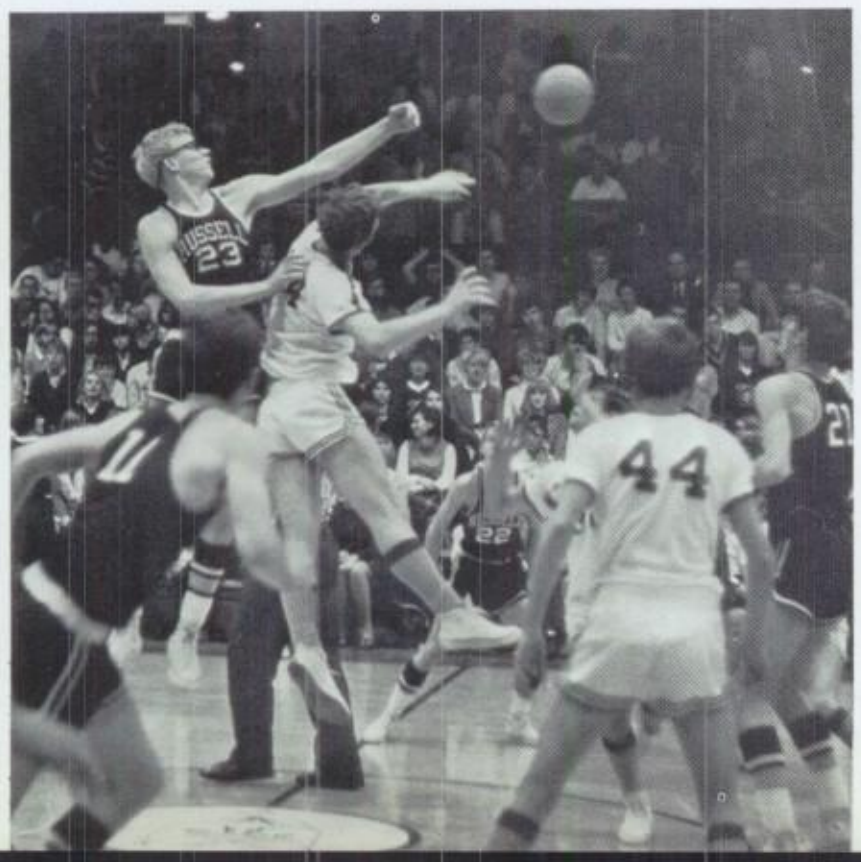
TALENTED SENIORS RESPONSIBLE FOR RUSSELL'S GREAT SEASON

"Did you see that fast break?" ... "Hey, give me some skin" ... "I lost my coat under the bleachers again." Somehow basketball at Russell unifies the students. Individuals become as one—rooting the Devils on to victory. This sense of fellowship and oneness of purpose is very important to the spirit of this great school.



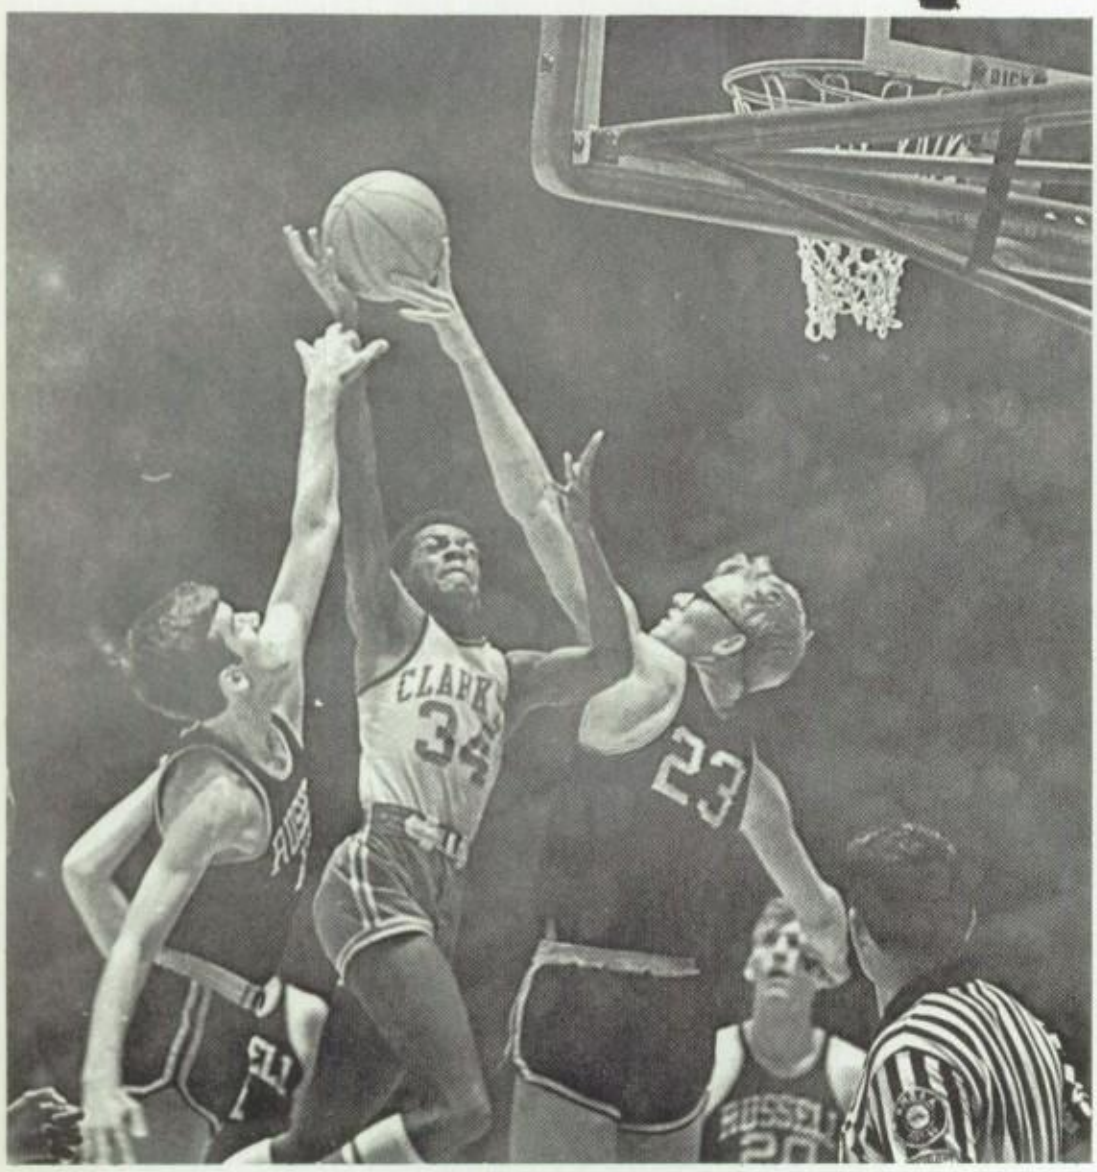
Talented 6'8" Devil Tom Roberts, gets by Shawnee's 7'1" Tom Payne for an easy lay up. Roger Vanover and Larry Duncan give their respective teammates support.

Tookie Helton, in an attempt to stop a fast break, leaps high over Shawnee's Claude Reed during the L.I.T.



Tom Roberts and Greenup's Sandy Adams go up for the tip off of the N.E.K.C. Tournament as Tookie Helton (11), Cecil Conley (21), Clyde Fosson (22) and Greenup's Dave Jones and Chuck Jones watch.

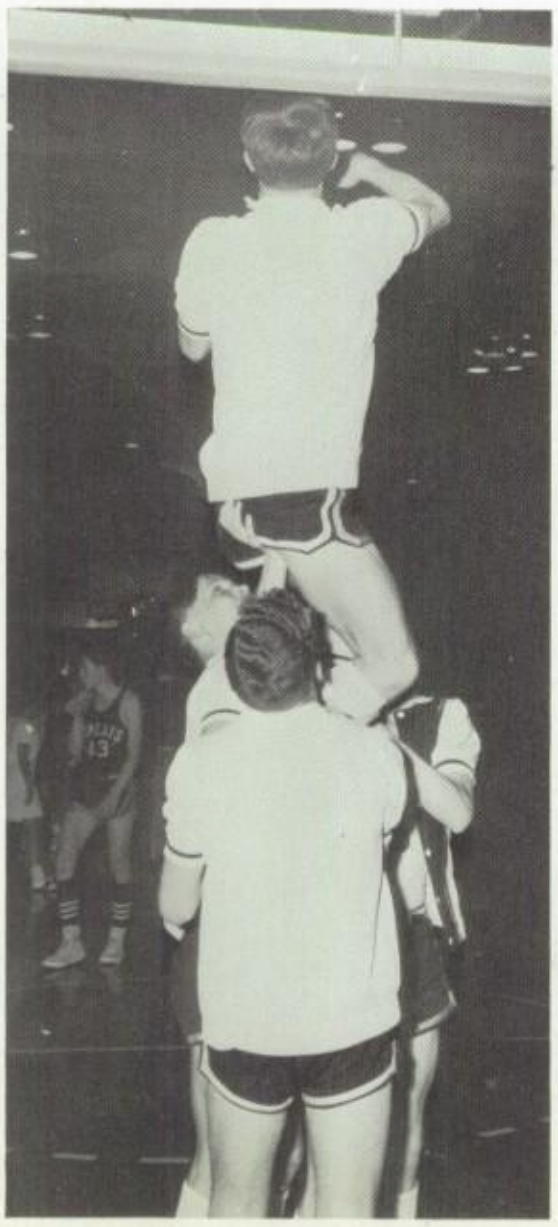
Russell Repeats As 16th



Supreme effort is exerted by Lanny Miller and Tom Roberts as they stretch to retrieve the ball from a determined Clark County player.

Jubilant Lanny Miller and Tookie Helton proclaim Devil superiority after winning the second straight district crown.

Skillful Tom Roberts eludes the vain interference from two A.H.S. Tomcats.



Down comes the nets as our Red Devils waste no time in claiming the spoils after toppling Ashland 80-75.

Regional Tourney Champ

With experienced competence Lanny Miller hurls the ball towards the basket.

The 1967-68 basketball team will long be remembered by the fans as one of the greatest in the history of the school. Not only were they N.E.K.C. Conference champs, N.E.K.C. Tournament champs, 63rd District champs, but they were also 16th Region champs for the second year in a row. The Devils ran off 8 straight victories to start the season. During this string of wins, R.H.S. won its fourth straight conference tournament. Their first defeat came at the hands of the Lexington Lafayette Generals in the A.I.T. The Devils then started a 7 game winning streak that was stopped by Louisville Shawnee in the L.I.T. The next game of the season was against arch rival Ashland. This game ended in bitter disappointment for R.H.S. with Ashland gaining a 77-73 victory in overtime. The Devils began to really roll as it came closer to tournament time. The season finale was the greatest game in recent history and it was against Kentucky's number one team—Louisville Shawnee. The contest was a see-saw affair with Russell coming out on the long end of a 78-77 score. In Tournament play, the Devils easily won the 63rd District Crown and breezed to the finals of the 16th Region. In the finals, Ashland was again in their path. In front of 6,000 screaming fans, the two teams played excellent ball but Russell used its inspired press and ran off the needed points in the final stanza to easily down Ashland 80-75.

Pride and happiness are displayed by Coach Meredith, Roger Vanover, Tom Roberts, Tookie Helton, Lanny Miller, Rodney Harris, David McCain, Cecil Conley, Bill Faulkner, and Earl Boyles as they display the "fruit of their labors"—the 16th Region Trophy.

RUSSELL GOLFERS WIN FIRST ATHLETIC TROPHY

The youth movement, started 3 years ago in the Russell High golf program, paid off this year under the expert guidance of Coach Don Elmore. The golf team, led by Senior Jack Barber, Junior Tom Tomasson, and Freshmen Lawry Bump and Brent Tomasson brought many honors to their school and to themselves.

This talented foursome were able to record many firsts in the history of Russell High School. During the regular season, the golf team rolled up its initial unbeaten season with a 23-0 record. In the drenching downpour of the Regional Tournament, the Devil "pros" lost their first match but managed to finish second to become the first golf team in Russell's history to qualify for a State Tournament. During this meet, Jack Barber shot a 78 to become the 16th Regional Medalist. Lawry Bump's 79 made him runner-up for the medalist trophy.

Russell's greatest triumph of them all came at the State Tournament. Ninth in the opening round, they shot a tremendous 2nd round, led by Jack Barber the eventual State Medalist, to finish 2nd in the meet. They were only 7 strokes behind St. Xaver—the tourney champs. This is the only time that a Russell High School athletic team has **ever** won a trophy in any State Tournament competition.

Tom Tomasson, Jack Barber, Joe Gilligan, Lawry Bump, Coach Elmore and Brent Thomasson stand clutching the State Runner-up Golf Trophy in front of the Elizabethtown Holiday Inn, where they were honored after their outstanding performance.

TO PROVE ITS EXCELLENCE

The Spring sports program at Russell High this past year proved to be the most successful in the history of the school. Between 250 and 300 students participated in this Spring program. The ultimate goal was to give to all students the opportunity for athletic participation.

The four spring sport coaches gave valuable help in making this year's program a complete success. Coach Don Elmore guided the Golf Team to 56 wins against only two losses. The team won the NEKC championship and was runner-up in the regional and state tournaments.

Lafayette Walters led the track team to a fine season; they won the NEKC championship and was regional runner-up.

Coach Heulyn Bishop was at the helm of the 1968 baseball team. He coached the Baseball team to the regional runner-up.

Jo Ann Simpson coached the Girls Tennis team. Her efforts were also fruitful as her team came in second in the Regional tournament.

BETA CLUB ATTAINS STATEWIDE RECOGNITION

The Russell Beta Club, as in the past, has been a very active club. Its purpose is service to the school and community and at this job the Betas excelled. A formal and mock initiations were conducted at the beginning of the year, and 29 new members were inducted bringing the total membership to 56. Twenty-seven club members attended the State Beta Convention held at Louisville, Kentucky. At this convention, the Russell club presented a skit which carried away the first place trophy. In February, the Beta Sweetheart Dance was held for all the students of the school. The Dramatic Era provided the music for the affair, and Pam Grizzle was chosen Beta Sweetheart. In addition to the other diverse activities, the club sponsored the Beta Variety Show which netted over $200 towards the Billy Mac Zimbro and the Jessie Stuart Scholarship funds. Beta members also acted as guides for Parent's Nights throughout the year. To conclude their busy year, the Junior members of the club served as Honor Guards for the Golden Anniversary Commencement.

Donna Clark acts as slave driver at the Beta initiation.

SWEETHEART'S DANCE AGAIN ONE OF THE YEAR'S HIGHLIGHTS

Roger Griffith spends the last of his "hard earned money" on peanuts sold by Karen Brown and Glenna Tackett for the March of Dimes.

Diligent workers, David King, Frank Blevins, Carolyn Shafer, Connie Little, and Donna Clark, put the final touches on the large wooden flag used in the Beta skit.

The Russell Betas won first prize in the Talent Night competition at the State Beta Convention in Louisville. They presented the skit entitled "Miss Liberty Sits Down" which brought them acclaim from the judges as well as the coveted first place trophy. The entire Russell delegation who attended the convention participated in the award winning skit. Afterwards they were besieged with invitations to present the skit before area schools and civic groups. The highlight of the year was a special request from the Department of Classroom Teachers to give the skit at the general sessions of the Kentucky Education Association. This program was presented before thousands of educators who attended the convention and they gave the Russell Betas a standing ovation. All those who witnessed their performance were extremely impressed and moved at their talent and leadership. Miss Fouts was the director of the program.

Pam Grizzle beams with joy after receiving her Beta Sweetheart Crown from Rob Davis. Members of her court looking on are Katrina Marshall, Kay Roberts, Lora Billups, Lynn Brackman, and Cathy Gillum.

Members of the Future Teachers of America gained a great insight in the responsibilities and opportunities of the teaching profession. Goals stated by the club are to create an interest in teaching and to urge worthy students to become teachers. The main project of the 1967-68 school year was the traditional "Teachers Appreciation Week." Each teacher had a "mysterious unknown friend" who gave gifts to the teachers daily. To climax the week's activities, the club held a teachers' breakfast to honor the entire school faculty. At this breakfast the identity of the unknown benefactors was made known. The F.T.A. and Miss Washington, sponsor, has again performed a great service to this area by creating an interest in teaching.

SR. CO-ED-Y LABORS TO BOOST SCHOOL SPIRIT

To create, maintain and extend throughout the home, school and community, high standards of Christian character is the National purpose of the Y-clubs of America. The Co-Ed-Y club, here at Russell, has surely made this purpose come alive in 1968.

Martha Endler, Jill Wells, Anne Leslie, Drab Williams, Mrs. Hughes, and Max Picklesimer work diligently to complete flags to boost school spirit.

The small membership of this year's Latin Club made it possible to have group activities in which all could participate. Mrs. Carte of the language department is the sponsor. The club gave a food basket to a needy family at Christmas, attended the state Latin Club Convention in March, and entered an exhibit into competition at this convention. Latin Week, the high point of the year's activities, was held April 22-27. The entire student body enjoyed the slave auctions, Pandora Box sales, and a Roman soothsayer. The climax of the Latin Week activities was "Mount Olympus," a banquet attended by club members and guests, Bill Faulkner and Brenda Cordial were crowned King and Queen of Latin Week at this function. The year ended with the election of next year's officers and the annual outing at Camden Park. Indeed the Latin Club has kept the spirit of the classics alive at Russell.

Bill Faulkner and Brenda Cordial were voted by the club as the annual Banquet King and Queen.

One of the most active clubs at Russell High School is the Jr. Co-Ed-Y. It is composed of freshmen and sophomores and the hard-working sponsors Mrs. George Holflich and Mr. James Shope. The club is founded upon Christian principles and strives to carry out the same. Their activities include Cerebral Palsy Christmas Party, Mother-Daughter Banquet, Teachers' Tea, and the annual Powder Puff Football game. The club also co-sponsored Teen Talks, attended KYA and Kuna, cleaned trophies, and weeded Kouba's Court. As a result of their enthusiastic work, they were chosen as the runner-up Y-Club in the Commonwealth.

VOCAL DEPARTMENT EXCELS

Conducted by Mrs. Edith Callihan, Russell's Mixed Chorus and Glee Club rendered superb music for all occasions. Concerts were held at Christmas time and were enjoyed greatly by the community and students alike. The Fine Arts Exhibit held at Russell in April gave both groups reason for another first-rate performance to the public. Aside from the numerous concerts, Glee Club and Mixed Chorus divided into a madrigal, a miscellaneous group and a trio to compete at the Morehead University Vocal Competition. At this judging, the Madrigal and miscellaneous groups received an excellent, and the trio, a superior. Later in the year, the entire groups traveled to Morehead to be judged where they received an excellent for their efforts.

The 1967-68 version of the Big Devil Band proved to be the most memorable in the music organization's 40 year history. The 92 piece band, under the capable direction of Mr. Ronald Irwin, spent a complete month of summer practice and at least 10 hours a week of marching practice to ready themselves for each football game. As the year progressed, the Russell Band performed at the Eastern University Band Day, Ashland Band Festival, and numerous parades. Following football season, the Concert Band spent extended time in rehearsal for their two annual concerts given at Christmas and in May. In addition, the Pep Band became a regular part of every pep rally and home basketball game. Due to the band's increased size, it was placed into class A—the highest and most difficult classification at the Morehead Concert Band Competition. At this competition, the band received a "good" rating. But the year did have its disappointments as well as triumphs. The Red Devil Band was invited to Washington D.C. to represent the entire state of Kentucky at the annual School Patrol Parade. All the plans were completed to attend this function when the parade was cancelled because of the heated race riots in the capitol. The Band was disappointed, to say the least, about its "hard luck".

"Red Devil Band—Russell, Kentucky" is a sign that many spectators wait anxiously to see.

Tonya Phelps, Jenny Merritt, Joan Miller, and Melissa Ward smile happily as they do a baton routine for the pleasure of the basketball fans.

1968 SENIOR CLASS HAS BEE
HONORS, AND ORIGINALITY. IN SHOR

The individuality of the class members first manifested itself when as Sophomores, we started a savings plan, held numerous class meetings and staged a project. Unity and determination showed itself in our Junior year when everyone worked together to produce the most elaborate and original prom in the school's history. Members of the class voted to receive their class rings at an earlier date so a successful movement was launched for summer delivery. Our senior year began with yet another "first" when Paul Queen was elected Class President for the fourth consecutive year. Early in the Senior year, the class decided to travel to Washington D.C. **and** New York for our Senior Trip. The whole group worked diligently to secure the needed funds for the trip by selling magazines and candy. The most noteworthy accomplishments claimed by our class is the state-wide acclaim which has been gained for our Red Devil athletic teams. In fact, the number of trophies received in the entire history of the school has been doubled in the four short years we have been attending Russell High School. The cage squad, consisting mainly of 1968 Seniors, has gone to the nationally acclaimed Kentucky State Basketball Tournament for two straight years. The track team, bedecked with '68 graduates, won the N.E.K.C. track meet and performed well in the state meet. The golf squad, which usually is unnoticed, brought home the State Runner-up trophy and Jack Barber won the medalist honors for the entire Commonwealth. To top off the long list of achievements and improvements boasted by the 1968 class, the entire proceedings of the graduation exercises were altered to let students conduct the commencement.

The Golden Anniversary Class has left many innovations to Russell High School, but its pride, love of tradition, and the constant striving for the best in everything will long be remembered and improved upon. It is indeed appropriate for this class, the 1968 class, to be the Golden Anniversary Class and usher in a new era.

ROBERT DAVIS AND CONNIE LITTLE EARNS HIGHEST SCHOLASTIC HONORS

1968 Commencement Exercises were conducted in a much different way than in past years. The direction of this program was given to the students themselves. Instead of having a guest speaker, the Honor Graduates and the Class President conducted the entire proceedings. An appropriate theme, "Climb Every Mountain", was adopted and each speech was composed to follow along with this concept by the student who delivered it. The program was very inspirational and truly befitted the 1968 Golden Anniversary Class.

CLASS OF 1969

The Juniors are a very unique class because they are caught at a crossroads in their high school lives. After two years as underclassmen, Juniors pass the half way mark and assume much of the leadership of the high school. They have fulfilled most requirements for their long awaited diploma and now enjoy the choice of electives and specialized courses. They have learned to "stick together" and understand their peers. They undertook the traditional Junior projects and their faithful labor is appreciated by the entire student body. Ushers for Commencement and a superb prom were again rendered by their class. They have now experienced almost all that high school has to offer and they hope to take their place as seniors, and show their true capabilities.

JUNIOR FAVORITES, Clyde Fosson and Susan Justice seem to have a difference of opinion as to the correct door.

Juniors selected a truly capable line of class officers. Micky Emmons was chosen as Treasurer, Marie Fisher, Secretary. Jeff Creed, Vice-President, and David Cleaver, President.

CLASS OF 1970

Little can be said about Sophomores as a class. However, they have proved themselves outstanding as individuals. They possess, after completing an entire year, the fundamentals of a well rounded education and can forge ahead to yet undiscovered fields. The Sophomore learns to be independent by participating in extracurricular functions. He also becomes an enthusiastic booster of the Red Devil teams. But most important, the sophomore begins to see more clearly that he is working toward a goal ... to realize that only honest effort will result in success.

SOPHOMORE CLASS FAVORITES, Bill Humphrey and Sherry Fultz, choice of the Sophomore Class, join in the holiday spirit as they decorate the student union Christmas tree.

Sophomore President, Kay Roberts, collects the opinions of her fellow officers: Debbie Ray, Treasurer, Rusty Williams, Vice President, and Suzie Robinson, Secretary.

CLASS OF 1971

The freshman enters high school with the feeling of great insecurity which is increased by the thorough rousing given him by the upperclassmen. Suddenly, many decisions are thrust upon him and he must find the answers the best way he can, with the aid of our orientation program. He must choose his classes and activities, as well as look out for himself. All of these are responsibilities he never had before. But most of all, he must learn the school traditions and acquire the pride which goes along with everything that is associated with Russell High School. The year passes quickly. He gains this sense of responsibility. He learns to love his school. He is now ready to leave his freshman year behind.

FRESHMAN FAVORITES, Rick Bryant and Renaye Ward, Freshman Favorites, lean against a sign which is very appropriated for the "Frosh" Class.

Patty Baron—Freshman President, Paula Eyre—Vice President, James Sparks—Secretary, and Freddy Hill—Treasurer, put their heads together to solve a class problem.

ADVERTISERS

ADVERTISERS – RUSSELL'S FRIENDS FOR 50 YEARS

J. S. CARMAN H. W. CARMAN

CARMAN BROS.

UNDERTAKERS

Corner of Belfont and Houston Streets

RUSSELL, KY.

"Every year the advertisers of Russell and vicinity have a keen interest in helping the staff of the R.H.S. Annual make a good yearbook. Their interest and patronage have been a large factor in the success of the Annual in past years and are keenly appreciated by the editor and staff of this book. They feel that the gratitude to our advertisers can be expressed only by patronage to them and by urging their friends to stand by the men of this city and of neighboring cities who have aided them so faithfully in making a book of memories."

—1930 Yearbook

The 1968 Revilonian Staff wishes to thank all those wonderful businessmen who have stood faithfully by Russell High School for the last half-century. In fact, many years the yearbook could not have been printed at all unless the assistance of area merchants was secured.

A very special advertiser of the Russell yearbook has been the Carman Funeral Home in downtown Russell. Out of all of the hundreds of ads which have appeared on our annual's pages through the years, only theirs has appeared in the first and **every** issue. Thank you very much for your continued interest.

Times have changed a great deal in 50 years. People have changed—needs have changed, but our businesses are basically the same. On these two pages appear varied ads which have been included in the yearbook during the past. Some are amusing and some serious but they all deal with subjects very close to everyone.

We MUST Win this War

General Sherman was very modest in his definition of War. The last four years have taught us this—WAKE UP—get ready to help the LIBERTY LOAN—RED CROSS

—Y. M. C. A., and everything else that our Government thinks is necessary to WIN. Read GOOD Newspapers, Magazines and above all study history—especially that of "The Huns" and we will WAKE UP and when we do—OH! YOU BOCHE.

Careful investigation leads us to believe that Russell will be the best place in the OHIO VALLEY and so the sooner we all WAKE UP and help win the WAR the better off RUSSELL will be—get hold and give a push.

BOOST THE WAR, GOOD SCHOOLS, GOOD ROADS, THE BOY SCOUTS, AND RUSSELL, KENTUCKY.

Ask us about the "CURTIS SERVICE"—We will help you build a home.

THE FUTURE
is where you'll spend the rest of your life . . .
We hope you are preparing for it as well as you possibly can — for the future needs young people with knowledge, dedication, energy and ambition.
If your career interests are in one of the many fields so important to industrial growth—engineering, sales management, accounting or business administration, for example—we hope, too, that you will keep an eye on Ashland Oil. Our growth already has been outstanding, but we're preparing for even a greater future.

School is never out at Armco

Education doesn't stop with a high school diploma. Or a college degree. Learning is a lifetime process.

Forty thousand people work for our company throughout the United States and the world. Right now, ten thousand of them are engaged in some kind of self-improvement program. They attend night classes, learn new technical skills, work for college credit, take management training.

These people know that education opens the door to better jobs, a brighter future and a great deal of self satisfaction. Sounds like a rewarding idea, doesn't it?

Employees are students, too

Our employees are dedicated to service to customers and, like you, they also are students. They continually train so service may be improved. They attend customer service schools, complete specialized courses in home economics and enroll in executive development courses and technical seminars. For today's employees, education is a continuing process.

HISTORICAL REFERENCE

We shall forever be grateful to the men of vision who first saw the need of good schools in our community. On August 14, 1891, the Trustees-elect of the newly organized Russell Graded Free School District were: Captain A. W. Carner, J. D. Foster, Thornton Barrette, John J. Callihan, Elias Hanshaw, and L. P. Harrison. County Judge J. W. Kouns and County Superintendent L. R. McCarthy assisted the trustees in their organizational work. It is noteworthy to mention that the Committee on Lots, with Mr. Callihan Chairman, reported on September 4, 1891 "that Mr. Bingham offers the board a lot adjoining Robert Bingham, fronting Belfont Street, 132' by 132' deep for $1050. He said he would keep open two alleys—one on the upper side and one on the back of the lot." The Board accepted the offer. Capt. A. W. Carner was the president of the Board of Education and Thornton Barrette, the first Secretary.

Since 1918, the following men have served the Russell-Flatwoods-Belfonte community on the Russell Board of Education. Because of them, we are now celebrating 50 years of unexcelled educational progress.

Mr. B. F. Kidwell, pioneer educator of the Russell schools, greets Paul Queen and Carolyn Shafer, yearbook staff members.

Revilonian editor Paul Queen stands in a typical weary stance after a complete day of picture taking.

EDITOR'S MESSAGE

The 1968 edition of the Revilonian is designed to pay tribute not only to this year's high school students, but to all the preceeding 49 graduating classes. It is meant to be a book to show how Russell High School has grown in size and prominence.

This book is but one symbol of the rapid progress being made at Russell, ours is the first College size (9"x12") book in Greenup County, and it contains many "extras" that other high school books of the same size do not contain. So it is quite evident why the staff is so proud of this book.

We have worked hard to produce the most up-to-date and interesting annual that can be made. We cannot judge our efforts because we have poured our very best into it—and that is all we can possibly offer. But now it is up to you, the reader, to pass judgement on our labor.

We are indebted to many people for their assistance in producing this Golden Anniversary issue of the Revilonian. A very special thanks goes to . . .

—Sharon Stevens (the business manager) and her assistants: Toni Potter and Nancy Blankenship for securing the needed finances through advertising, to make the budget balance.

—Steve May, B. Macmillian, Arthur Greene, Dick McCall and most of all—Ron Carroll for continually producing top-notch photographs.

—Mrs. Huston and her staff at Parsons Portrait Studio for helping us out of some very embarrassing situations.

—The Lexington Herald Leader, Courier Journal, and the Ashland Daily Independent for their staff photos.

—Sharon Dennis, Pam Webb, Bonnie Daniels, Marcia Worthington, and especially Bonnie Felty, who showed their true dedication to the book—by working with me during the summer.

—Teachers who so graciously allowed us to invade their classrooms for such an unorderly mission.

—Mr. Gordon Caldwell, who used all his yearbook know-how, to solve the many problems which arose.

—Mr. Firestine, who went along with every one of my unbelievable ideas. He even had to get out of bed one night to help us make the color picture on pages 2 and 3.

—Miss Fouts, our advisor, who constantly guided us towards the goal of a truly great yearbook.

—All community members, alumni, and especially the Class of 1918, who showed such an encouraging interest in our endeavors.

—To Mr. B. F. Kidwell, Russell's First Superintendent, for his invaluable assistance in gaining material for the history edition.

—But most of all the subscribers who backed the book with their orders.

I must say it has been a pleasure to serve as editor of this 50th Anniversary book. I have tried, WE have tried; to make this book a true and interesting account of the 1967-68 school year. I hope it will be a pleasure for each of you to look over its pages and remember each occurrence that is recorded.

Paul David Queen

EDITOR—1968 REVILONIAN

Flames splitting the darkness symbolizes many things to different people. It can embody the heated spirit of students rallying behind their team or the "burning" desire for a good education or the warmth of new found high school friendships. Now our school group is separated to go its different ways. But we always hope that this 50th Anniversary Edition of the Revilonian will bring back "golden" memories whether it is a week or decades from now . . .

John,
You're a great guy
who will go far.
Good luck with
the girls even tho
you don't need it.
Good luck with your
basketball!
Love ya

John,
You're a real cool guy
in Physical Science and
also in History and Remedial
Reading. I had such a real
good time with you in class
and I hope you will remember
me as a friendly person
and not as a bitter dumb
girl who got all the dumb
questions wrong. I'll
remember all the fun
we have had together
and I hope you have
a very nice summer
and everything will go just fine.
Your friend, Sharon Mendelsohn

John,

John -

To a real nice guy who is my buddie in Art I!! Never forget all the fun we've had drawing bottles!! Always stay the same sweet guy you are now and you'll never have to worry about having friends!! I wish you only good luck, success, and happiness in the future! Take good care of good ol' R.H.S. next year after the great class of 69 is gone!

Love ya bunches -

Jennifer Sarda

Sr. 1968 - 1969

P.S. I hope you never become an artist & starve!!
